ENTIRE CITY ACCLAIMS DEFEAT OF RECALLERS

BULL MOOSE CONVENTION IS ON

Roosevelt Demonstration at Chicago Gathering Lasts Almost One Hour

Barring of Negro Delegates Causes First Fight of Progressives

CHICAGO, Aug. 6.—When Colonel Theodore Roosevelt appeared on the stage of the National Progressive convention this afternoon to make his "confession of faith" address he faced one of the greatest audiences ever gathered in the big Coliseum building.

His appearance started a demonstration which lasted fifty-seven minutes. Time and time again Chairman Beveridge attempted to restore order, but did not succeed until 1:45 p. m.

Senator Beveridge introduced Colonel Roosevelt at 1:48 and the colonel began his speech.

There was a small blaze in the gallery following the taking of a flashlight photograph. A canvas covering over an electric light had caught fire. The blaze was soon extinguished.

There was great cheering as Colonel Roosevelt appeared on the platform at 12:48, thirteen minutes after the convention was called to order. The colonel waved his hand in acknowledgment of the greeting. The cheering continued while the Grand Army fife and drum corps on the stage joined in the din.

As the convention assembled it was officially announced the temporary organization would be made permanent, former Senator Beveridge continuing to preside. Formal action was deferred until after Colonel Roosevelt's speech.

DELEGATES ARRIVE.

As 12 o'clock approached the delegates began to pour into the hall from all sides. A number of the delegations had formed an impromptu parade downtown.

Four or five bands came with them and for a time the air was filled with conflicting tunes.

Women delegates again were a center of interest. Many of their sisters in the suffrage movement gathered outside the Coliseum, distributing tracts and emblems of the suffrage cause.

Temporary Chairman Beveridge reached the stage shortly after 12 o'clock. Ten minutes later the dele-

Victory Is for Law, Order and Righteousness

(By FRANK K. MOTT, Mayor of Oakland.)

I congratulate the people of Oakland upon their great victory—for it was the city's triumph. And while it was regrettable in one sense to have had an unjust election thrust upon us, it is after all with the result obtained, best that it occurred, for it is another proof that our people and our city are clean minded and clean hearted. There can be no further doubt of Oakland's stand upon the question of law, order, righteousness, civic pride and patriotism.

Personally, I am much gratified and pleased, and I take this opportunity to thank the many thousands of staunch supporters, and especially do I thank the loyal women of our city for their untiring zeal and effort in behalf of Oakland.

Commissioners Baccus and Turner Are Retained in Office and the People's Confidence by Lead of Many Thousands

Prominent Men Congratulate Municipality on Escape From Business Stagnation; City's Credit and Fame Kept as Result of Monday's Rebuke

LOYAL men and women of Oakland went to the polls at yesterday's recall election and showed the whole world that "My City" is not to retrogress one step while they have a voice to condemn malcontents and a ballot to uphold the progressive men who have piloted the city's progress through calm and storm until she has taken a place among the fairest and greatest cities of the country.

The recall as a means of blocking the administration in its wonderful upbuilding labors was a decided failure.

Mayor Frank K. Mott and Commissioners William J. Baccus and Frederick C. Turner were vindicated in their official capacities and endorsed by a great majority of the 30,000 persons who cast their ballots yesterday.

The vote on the recall was as follows:

Frank K. Mott: Yes, 10,937; no, 17,061. William J. Baccus: Yes, 10,094; no, 17,529. Frederick C. Turner: Yes, 11,011; no, 16,894.

LARGE MAJORITIES.

Precincts 90, 91 and 92 in the Oakland avenue district also showed large majorities in favor of the mayor and commissioners. In precinct 91 there were 22 votes for the recall of Mott and 247 against; for Baccus, 19 for and 247 against; for Turner, 22 for and 245 against. In that precinct Mayor Mott received 246 votes as a candidate to succeed himself, while Commissioner Baccus received 247 and Commissioner Turner 243. The other candidates polled less than 25 votes.

In precinct 92 the figures were practically the same, the majorities being as large in each instance.

Precinct 118, strongly Socialist, showed a return of 105 to 45 for the recall of Mayor Mott, 100 to 48 for the recall of Commissioner Baccus and 103 to 47 for the recall of Commissioner Turner. The votes for candidates were more equally divided, showing that while the voters were for the recall they were undecided as to whom should be entrusted with the reigns of government. Eustice received 99 votes against 50 for Baccus. Sheehan received 57 to Turner's 47 and Jackson's 46.

Precincts 142, 154, 156, 159 and 166, all in the annexed district, showed majorities for the recall of each official against whom it was directed. But in these also Mayor Mott and the two commissioners received in some instances majorities as candidates to succeed themselves.

Practically all of the precincts showed a majority against the proposed recall and these districts are strongly Socialist. In other parts of the city the vote was largely against the recall, as is shown by the totals. After the first few precincts began to be heard from last night there was not a doubt but that the forces who allied themselves for right and decency at the opening of the campaign had won their fight and that when the finals were in the city officials against whom the agitation was commenced last March would receive the indorsement that was their due.

WOMEN UPHOLD OFFICIALS.

Particularly were the women allied for the purpose of upholding the administration. When the call first went out that attempts would be made by the "recallers" represented principally by the I. W. W. and discontented politicians, to defame the city the women got busy and forming the Woman's Good Government League, carried on a campaign, the success of which is best attested by the results obtained.

Because, sometime ago, about March 3, a certain crowd of I. W. W. organizers and a few constituents went into the streets of this city and desecrated the country's flag, insulted women, defied law and its sworn officials and preached sedition, the police were called upon to interfere. This action was resented, and, determined to enforce their vicious practices upon the citizens the I. W. W. were denied a license to speak in the streets. This they had no more respect for than

CINCINNATI, Aug. 6.—President and Mrs. Taft arrived here at 10:32 o'clock this morning to attend the funeral of Mrs. Taft's father, John W. Herron, who died yesterday. The funeral services will be held this afternoon.

Mrs. Taft was dressed in mourning. She was escorted by the President to the home of his brother, Charles P. Taft, who is now in Maine, but made the funeral arrangements by telegraph.

The President and Mrs. Taft will remain in Cincinnati until tomorrow afternoon, when they return to Washington.

AMEND THE CHARTER

Oakland has had its first experience with the recall. It was costly in more ways than the expense of the election. It put business in peril and it disclosed the city charter as an instrument promotive of disorder, through its recall clause.

It put the future in peril, because no first-class, self-respecting citizen will stand for office in the sure prospect of being annoyed, nagged and abused by a small band of agitators and liars, who can at any time invoke the recall and set the pot boiling at the expense of the taxpayers.

As long as 15 per cent can order a recall election there will be no peace nor security in our municipal affairs. The recall clause in the charter should be amended so as to require not less than 40 per cent of the voters to force a recall election. The signers of the petition should also be required to deposit with the city treasurer the cost of the election, to be returned to them only if the recall carry. Such an amendment would safeguard the city and it would tend to secure first-class men in the city government.

DEFEAT OF RECALL IS ACCLAIMED BY OAKLAND

Prominent Men of This City Rejoice in Yesterday's Victory

(Continued from Page 1.)

they did for the national emblem and when they paraded through the streets, headed by a red flag, the police broke up the procession.

RECALL SHOUT IS HEARD.

Immediately there were declarations that the city administration should be recalled under provision of the new charter adopted a year ago. After some labor the 15 per cent of signatures necessary for the calling of an election were obtained and the matter went before the people.

Oakland now knows, the State of California knows and the whole country has learned that the recall, intended as a weapon to be used with great discretion by the people has been abused and that when anarchists attempt to overthrow government the recall is a poor weapon for them to use. It was pointed out that in other cities it had been carried against public officials, but in each case the circumstances have been different than in Oakland, say those who have followed the campaign.

Summing up the voting yesterday it is shown that Mayor Mott received a majority of nearly 7000 on the proposition of the recall, while as a candidate to succeed himself he received more than all the other three candidates combined.

JOHNSON RECEIVES 300 VOTES.

J. W. Johnson, a plasterer of Fruitvale, who entered the race shortly after filing his papers in citizenship, evidently received less than 300 votes in 169 precincts.

While less than 20 precincts showed a majority in favor of the recall and supporting the anti-administration candidates, these were located mostly in the eastern end of the city or the annexed portion. The remainder of the precincts rolled up a heavy ballot in defense of Mayor Mott and Commissioners Turner and Bacous.

Precinct eighty-eight at Santa Rosa and Oakland avenues, showed 21 votes for and 263 votes against the "recall." This was the banner precinct but there were many more with nearly as good a showing.

"So far as the charges made at the administration on the recall proposition are concerned, they evidently did not appeal strongly to the thinking people of this city," said Commissioner Turner today. "We went to the polls with a straight presentation of facts and on these grounds successfully withstood the vile misconstructions that were introduced as the windup of the campaign by our opponents."

"I am grateful to the people of Oakland for the endorsement they gave me and feel that they will not regret the trust they have placed in my office."

NO EXCUSE, SAYS BACCUS.

Commissioner of Streets William J. Baccus was equally pleased with the results. He expressed himself today as follows:

"There never was any excuse for the recall and I regret that the taxpayers have had to put up for this piece of foolishness. The results show that it was little less than that and so far as I am concerned I feel that there was never any grounds for the attack upon the administration. We have been doing all that we possibly can for the betterment of Oakland and have planned to do a great deal more. It will be shown that an interruption of the progress being made would have been a bad thing for the city."

Many Women Work in Anti-Recall Fight

Among the women who worked yesterday canvassing the various houses in the neighborhood in which they live, were the members of the Golden Gate Woman's Assembly of North Oakland, an organization which did much to win votes for yesterday's triumph. Among the active workers are Mrs. James F. Summers, Mrs. Mary Gleason, Mrs. Ida Garner and Mrs. Minnie O'Brien.

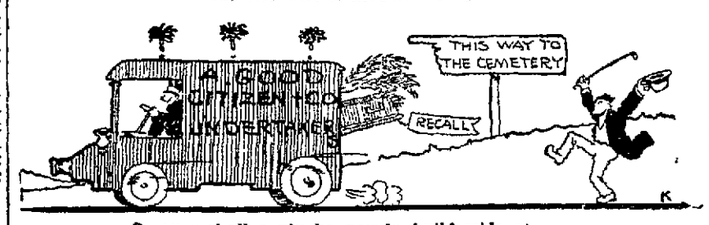

TIDE TURNED BY BOOSTERS
CHRONIC GROUCHES GROAN

(By GERALD P. BEAUMONT.)

By the battle of ballots that's over; by the fame
of the fight we have won;
By the spirit of Spartan Oakland, and the dare
of the deeds we have done;
By the plighted pledge of the people, by the sun-lit
strands we have spun,
Shall we gather our golden garlands, in the gleam
of the glittering sun?

Each cloud has a silver lining: each day has
its restful night;
Each storm has its golden dawning; each pest
has its parasite;
Each lock has a key for turning; each task has
its end in sight;
And the one who is strong in the shadows, is
the one who is first in the light.

So sure shall a plucky people, build wide at
the Western sea;
So sure shall the craft of commerce waft them
prosperity;
So sure shall the cry be "Onward!" so sure
shall the answer be;
So sure shall Oakland echo: "My City"—to
you and me.

The prize is held for the fighter, who fights,
when the rest have flown;
The game is bagged by the hunter, who hunts,
while the rest postpone;
The tide is turned by the booster, who boosts,
while the grouches groan;
And the proof of the prophet's proverb is,
that Oakland has come to its own.

BRITISH TO PROBE CRUELTY CHARGES

Premier Asquith Declares the Intention of Appointing Committee.

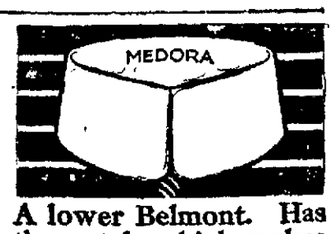

LONDON, Aug. 6.—Premier Asquith stated in the House of Commons, today, that the British government had decided to appoint a select parliamentary committee of inquiry into the atrocities reported by Sir Roger Casement to have occurred in the Putumayo rubber district of Peru. The questioner requested the government to inquire if any responsibility for the outrages rested on the British directors of the rubber company.

ORDER PREVAILS.

LIMA, Peru, Aug. 6.—Complete order is reported to prevail today in the Peruvian zone of the Putumayo rubber district, where terrible atrocities on native workers were recently reported.

A dispatch from Iquitos, on the upper Amazon, sayys the authorities of that district express their conviction that the authors of the recent crimes in the Putumayo region were Colombian marauders unconnected with the firm of Arana, former owners of the rubber region.

It is asserted reports of outrages were spread in order to discredit the Arana family.

PAY TRIBUTE TO PIONEER WOMAN

Mrs. Minerva Caroline Davis is Laid to Rest This Afternoon.

The funeral of Mrs. Minerva Caroline Davis, a pioneer resident of this place, who died Sunday at the home of her daughter, Mrs. R. B. Swayne, 253 Lakeshore boulevard, was held this afternoon. The services were conducted by Rev. William H. Wheeler, rector of the Church of the Advent of East Oakland. Members of the immediate family and friends of the deceased filled the parlors, which contained many floral pieces. The burial was in Mountain View Cemetery.

Mrs. Davis was the widow of the late Richard Davis, a well known real estate and insurance operator of Sacramento. In 1853 she came to this State from New York, via Panama, and immediately went to the capital city to join her husband. Davis was a well known Odd Fellow and the appraiser of the organization in Sacramento. He died in 1906, shortly after the couple moved to this city. Deceased is survived by two daughters, Mrs R. B. Swayne and Mrs. Benjamin Leonard, and a granddaughter, Mrs. W. C. Hendricks.

LOS ANGELES, Aug. 6. — B. P. Ripley, president of the Santa Fe system, makes an emphatic denial of rumors that he would soon resign which have been agitating subordinate officials for several days.

"I am not going to quit," asserted the railroad chief. "I have not been fired. Railroading is my recreation as well as my business and I shall stay at it as long as I can."

A threat affection which has troubled the veteran official for some time, probably formed the basis of the rumor.

BEST THING THAT COULD HAPPEN

By FRED KAHN.
(President of the firm of Kahn Bros.)

I certainly think that the defeat of the recall at the election yesterday was one of the best things that could have happened to the city. With the prosperous times we have had here during the administration of Mayor Mott and the great prospects the future holds for us providing we can remain under a wise administration, it would have been the most disastrous thing that could have happened to Oakland to allow the recall to carry.

Had it carried the present prosperity of the city would have dwindled away and Oakland would be held up to the outside cities as an example of the dangers of the recall. As it is, we have added much to our reputation as a city under a good administration and populated with intelligent citizens.

AIMED BLOW AT FOUNDATION

BY M. J. LAYMANCE
(Laymance Realty Company).

I regard the recall election held here yesterday as the most important matter that has ever occurred in the city of Oakland. Our city has been progressing with great strides within the past few years and is leading many of the larger cities of the United States in construction and development work. Property values have increased and the commercial prosperity of the city could not be any brighter. This election struck at the very foundation of our government, and it was not a question of whether the voters were in sympathy with the present administration, but whether our system of government should be destroyed and the present prosperity given a great setback.

The large majority showed how the people looked at this matter and the result has pleased me beyond measure.

HARMFUL SITUATION AVOIDED

BY H. C. CAPWELL
(of H. C. Capwell & Co.)

The defeat of the recall is the best advertisement for Oakland that was ever issued and the fact that it was not the business men along who were responsible for it adds much to the benefit of the result. Citizens throughout the United States watched for the results of this election for the decision of a contest between right and wrong. The right-thinking citizens of Oakland took the right stand; in fact the only stand that could be taken by reasonable people.

I am very much pleased over the result of the election and am of the firm opinion that the city has avoided a situation that would have worked more harm than many imagine.

OAKLAND ESCAPES DAMAGE

BY J. F. CARLSON
(President of the Central National Bank).

I consider the defeat of the recall to be one of the best, if not the very best, things that could have occurred. The preliminary proceedings of this election aroused intense interest throughout the entire United States and there is no doubt that this morning's papers were read with the greatest of interest in all parts of the country.

Had the recall element succeeded in their effort it is difficult, if not impossible, to estimate the amount of damage Oakland would have suffered in every way. I am greatly pleased over the result of this election and am sure that all conservative citizens of the city think as I do.

WAS TRIAL FOR DECENCY

BY HENRY ABRAHAMSON
(of Abrahamson Brothers)

Oakland avoided a great calamity when her citizens sent the recall down to defeat, for this election was the greatest trial for decency that the country has ever known. Oakland is well known throughout the country, and it was with eagerness that the residents of other cities watched the proceedings.

The large majority of votes cast in opposition to the recall yesterday shows that the people are in favor of improvement. They saw the city growing and saw the many additions to the beauty of Oakland made under a wise administration and their vote was cast in favor of the administration now in office. I am well pleased with the result and am glad to know that the present prosperous conditions will be in no way hampered.

They will follow the national road and the Santa Fe trail and expect to complete their journey in 120 walking days. Primarily Ebert is taking his family on the long jaunt because he expects the open air to benefit his health, but he says an important reason for walking is that he does not want to pay railroad fare, although he is amply able to do so.

TWO OLD PARTIES ARE CALLED HUSKS

Declares National Progressive Platform Will Be Contract With People.

CHICAGO, Aug 6 — Colonel Roosevelt's speech before the Progressive National convention strikes a keynote for his followers and supporters in the new party It lays down the plan of battle to be waged by the National Progressive party He discusses those principles under twelve subdivisions namely: The Helplessness of the Old Parties; the Right of the People to Rule; the Courts and the People, Constructive Control of the Trusts, Rights of the Wage-Worker, the Farmer, the Tariff, the High Cost of Living, Currency, Conservation, Alaska and International Affairs. "The two old parties," he said, "are husks, with no real soul within either, divided on artificial lines, boss-ridden and privilege-controlled, each a jumble of incongruous elements, and neither daring to speak out wisely and fearlessly what should be said on the vital issues of the day."

As opposed to this incongruity and insincerity of action he asserted that the National Progressive platform will be "a contract with the people," with definite and concrete provisions to be carried out if the people ratify the contract on election day as exactly and honestly "as if it were actually enforceable under the law."

NO OLD PARTY MACHINES.

Neither the Republican nor the Democratic platforms or managers show any adequate recognition of the mighty fact "that we are now in the midst of a great economic evolution." This irresistible movement for economic change and improvement must be guided by "both common sense and the highest ethical standards," in order to prevent reasonable evolution, from becoming dangerous revolution. The Democratic party, as is indicated by its present record in Congress lacks the common sense and the Republican party, by its record of stolen delegates at the Chicago convention, lacks the ethical standards "The men who presided over the Chicago and Baltimore conventions, and the great bosses who controlled the two conventions—Mr. Root and Mr. Parker, Mr. Barnes and Mr Murphy, Mr Penrose and Mr Taggart, Mr. Guggenheim and Mr Sullivan—differ from one another, of course, on certain points but these are the differences which one corporation lawyer when acting for different corporations They come together at once as against a common enemy when the dominion of both is threatened by the supremacy of the people of the United States. . . . If this country is really to go forward along a path of social and economic justice, there must be a new party of nation-wide and non-sectional principles, a party where the titular national chiefs and the real State leaders shall be in genuine accord, a party in whose counsels the people shall be supreme, a party that shall represent in the nation and the several States alike the same cause, the cause of human rights and of governmental efficiency."

The reassertion of the State's rights doctrine of the Democratic party cripples and forecloses any real or genuine relief to the people. It reduces their promises to hopeless and empty phrases. The mission and spirit of this Progressive movement will thrill the Republic from end to end.

RIGHT OF PEOPLE TO RULE.

"The actions of the Chicago convention, and to an only less degree of the Baltimore convention, have shown in striking fashion how little the people do rule under our present conditions."

In order to assure this popular rule Roosevelt urged the adoption of presidential primaries, popular election of Senators, the short ballot, an efficient corrupt practices act, qualified use of the initiative, referendum and recall. The recall should be applied to administrative officers Roosevelt asserts that the adoption of these new methods of political administration is not antagonistic to representative government.

THE COURTS AND THE PEOPLE.

Under this head Roosevelt strongly emphasizes the necessity of the sovereign people preserving a check on every branch of public service Under this head Roosevelt reiterated his now well-known views regarding the courts "The American people and not the courts, are to determine their own fundamental policies This does not mean that the people are to interfere in cases which involve merely questions of justice between individuals except that "means should be devised for making it easier than at present to get rid of an incompetent judge."

But when a judicial decision involves an interpretation of what the people mean by the constitutions which they have framed and laws passed by the people are nullified because the courts say those laws are contrary to the people's will as expressed in their constitution, there must be a "reference to the people of the public effect of such decisions under forms securing full deliberation," to the end that the people may rectify this alleged defect in their constitution by a popular vote having all the force of a constitutional amendment. "Our purpose is not to impugn the courts, but to emancipate them from a position whenever they stand finally in the way of social justice . . . I am well aware that every upholder of privilege, every hired agent or beneficiary of the special interests, including many well-meaning parlor reformers, will denounce all this as 'Socialism' or 'anarchy'—the same terms they used in the past in denouncing the movements to control the railways and to control public utilities As a matter of fact, the propositions I make constitute neither anarchy nor Socialism, but, on the contrary, a corrective for Socialism and an antidote to anarchy."

CONTROL OF THE TRUSTS.

In addition to punishment for wrongdoing by the trusts, the imperative demand is effective and complete regulation

"The present conditions of business cannot be accepted as satisfactory."

The reason for this is explained, in Roosevelt's opinion, by the fact that "those dealing with the subject have attempted to divide into two camps, each as unwise as the other." One camp has fixed its attention only on the need for prosperity—"prosperity to the big men on top, trusting to their mercy to let something leak through to the mass of their countrymen below, which, in effect, means that there should be no attempt to regulate the ferocious scramble in which greed and cunning reap the largest rewards."

The other camp has so fixed its attention upon the injustices of the distribution of prosperity, "omitting all consideration of having something to distribute and advocates action which, it is true, would abolish most of the inequalities of the distribution of prosperity, by only the unfortunately simple process of abolishing the prosperity itself."

"The Progressive proposal is definite, it is practicable. We promise nothing that we cannot carry out, we promise nothing which will jeopardize honest business. . . . Our proposal is to help honest business activity, however extensive, and to see that it is rewarded with fair return, so that there may be no oppression either of business men or the common people.

"It is imperative to the welfare of our people that we enlarge and extend our foreign commerce. We are pre-eminently fitted to do this because as a people we have developed high skill in the art of manufacturing, our business men are strong executives, strong organizers."

SOCIAL AND INDUSTRIAL JUSTICE.

Referring to the opening sentence of his address, namely, "that we are now in the midst of a great economic revolution," Roosevelt presents an advanced and comprehensive plan to insure the rights and better conditions for labor. He gives it the paramount place in his speech. "The first charge upon the industrial statesmanship of the day," he said, "is to prevent human waste. The dead weight of orphanage and depleted craftsmanship, of crippled workers and workers suffering from trade diseases, of casual labor, of insecure old age, and of household depletion due to industrial conditions are, like our depleted soils, our gashed mountain sides and flooded river bottoms, so many strains upon the national structure, draining the reserve strength of all industries, and showing beyond all peradventure the public element and public concern in industrial health."

THE FARMER.

"The country life commission should be revived with greatly increased power, its abandonment was a severe blow to our people. The welfare of the farmer is a basic need of this nation" The country school should be brought in touch with country life.

THE TARIFF.

On the tariff he says: "I believe in a protective tariff, but I believe in it as a principle approached from a standpoint of the interests of the whole people, and not as a bundle of preferences to be given favorite individuals." He believes the American people favor the principle of a protective tariff, but are in rebellion against the wrong-doing and unjust application of that policy and the abuses in past legislation.

HIGH COST OF LIVING.

"The cost of living," says Roosevelt, "has risen during the last few years out of all proportion to the increase of most salaries and wages."

Various elements, economic, political, and social, are pointed out by Roosevelt as contributing to the high cost of living But effective legislation regarding it can only be framed on a comprehensive scale after a thorough, scientific, and prompt inquiry.

THE CURRENCY.

Roosevelt declares that our present bank currency based on government bonds is unscientific, and urges the adoption of a system which shall provide "elasticity in the credit and currency necessary for the conduct of business, free from recurring panics."

CONSERVATION.

Under this head Roosevelt reaffirms his well-known policy on the conservation and reclamation of national resources.

ALASKA.

"In Alaska the government has an opportunity of starting in what is almost a fresh field, to work out various problems by actual experiment." It should at once construct, own, and operate all the railways in Alaska; it should keep the fee of all coal fields and allow them to be operated by lessee with the condition in the lease that non use shall operate as a forfeit; a system of land taxation should be tried which promotes the actual use of land and discourages the holding of land for speculation; the telegraph lines should be owned and operated by the government."

"In International affairs this country should behave towards other nations exactly as an honorable private citizen behaves towards other private citizens." Our small army should have large efficiency; the navy must be steadily built up until "it proves possible to secure by international agreement a general reduction of armaments," the Panama canal must be fortified. Panama canal tolls on deep water commerce should be uniform to all nations, including ourselves; American coastwise vessels should pass through the canal free, for this would be no discrimination against foreign nations and would give us reasonable competition with transcontinental railways. No foreign treaty should be entered into which we do not mean scrupulously to observe in every particular.

BOURBONS SEND TWO LOUD CALLS

Bell Men and De Witt Faction Issue Proclamation Simultaneously.

SAN FRANCISCO, Aug. 6. — A meeting of the Democratic State Central Committee has been doubly called. From the headquarters of both the factions the "official call" went forth yesterday, the progressive wing claiming that it is their victory.

On July 27 the Bell men had secured a decision of the executive committee by a vote of 17 to 8 that there should be no meeting of the central governing body of the party in the State. But the Wilson League progressives set to work immediately, and yesterday morning sent out a call for a meeting of the State Central Committee signed by 88 of its 144 members The time specified for the meeting is next Monday at 2 o'clock, and the place is the Palace Hotel

Later in the day, and after being informed that a majority of the committee was calling a meeting over his head, Chairman de Witt announced that he also had called the State committee to meet at the same place on the same day.

CHARLES REID'S BAIL REDUCED TO $1500

SAN FRANCISCO, Aug. 6—Charles O. Reid, accused of embezzlement by the Forrest Jewelry company, was instructed and arraigned before Police Judge Shortall, this morning Judge Fenton, who appeared for the defendant, succeeded in having his bail reduced to $3000 bonds, or $1500 cash, and he has [illegible] to raise that amount today. His stepbrother, Leslie Wheeler-Reid, was also on hand on a similar accusation, and the cases were continued until August 14 for trial.

NEGRO IS ISSUE AT CONVENTION

Elimination of Colored Delegate Starts Big Row Among Progressives.

(Continued from Page 1.)

gates' sections were completely filled

The women delegates in various state organizations stood up on chairs with the men and joined in the cheers and songs that kept things in an uproar until the gavel fell.

The Michigan delegates started a new song which soon was caught up by the other delegations until the entire floor, practically, was singing. This was the way it went.

"Follow, follow;
We will follow Roosevelt;
Anywhere, everywhere.
We will follow on."

At 12 35 Senator Beveridge interrupted the singing by rapping for order.

Rev. Father Andrew Spetz offered the prayer.

The galleries near the stage were crowded, but at the farther end of the hall were many empty seats.

COL. NELSON'S MESSAGE.

Chairman Beveridge read a telegram from Colonel William R. Nelson of the Kansas City Star It was dated Magnolia, Miss., and was as follows:

"Lord, how I wish I were with you. What a great day—the launching of a party of imagination, hope and prospects. We can afford to give the other fellows their memories and disappointments The past has no interest for us. The future is our fruit. Give Colonel Roosevelt my love. I have never missed a chance to place a bet on him and have never lost when there was a square deal The Lord is surely with us. He has given us the men as well as the opportunity. I cannot help but feel what a narrow escape we had in the June convention. Roosevelt might have been nominated there. My congratulations to everybody there and my regret that I cannot be with you."

Wild applause followed the reading of the telegram. The entire audience rose and sang "America" followed by "Dixie" But the leader had difficulty in getting the band and singers together and the song was not much of a success.

ROOSEVELT ARRIVES.

It was 12 47 when Chairman Beveridge announced the arrival of Colonel Roosevelt at the Coliseum. This was enough for the delegates and the galleries. They jumped to their feet and cheered A minute later the Colonel appeared on the stage almost as if by magic.

The doors of the Coliseum were thrown wide open during the demonstration and the hall was filled to capacity.

In the midst of the defeaning din the Colonel stepped onto the insulated speaking platform under the big sounding board.

He smiled his appreciation of the demonstration and bowed to the right and left and with a broad grin waved greetings to friends on the stage and floor.

The delegates stood on their chairs and cheered until the rafters rang. They waved flags and bandanas in a perfect riot of colors.

The G. A. R. fife and drum corps on the stage marched to where the Colonel stood and each veteran got a warm greeting and handshake. Then surrounding the former president, the fifers and drummers played a number of patriotic tunes.

The band in its far-away loft at the end of the great hall, also was playing, judging from the antics of the leader, but scarce a strain of music could be heard.

The delegates gave the call of the bull moose.

In the midst of the uproar an Oklahoma delegate tore the State standard from its place and started up the center aisle. In a minute the aisles were filled with a confused hysterical crowd. Minnesota swung in behind Oklahoma and as the crowd dashed through the aisles, Washington, Massachusetts, Ohio, West Virginia, Kansas, Virgina and a dozen other States poured into the throng.

Banners, standards, flags, hats, red bandanas were flung up over the heads of the delegates. Over the Colorado delegation appeared the "No More Guggenheim," sign. As this emblem appeared before the platform Colonel Roosevelt turned and waved toward it with a grin. Another uproar started. A banner bearing the catch note from the speech of Senator Beveridge yesterday, "Pass prosperity around," was roundly cheered.

Someone threw the Colonel a red bandana handkerchief and, standing on the platform, he led the mob in a series of cheers, waving the handkerchief.

Colonel Roosevelt wore an ever-broadening, characteristic smile as he turned first in one direction and then another, acknowledging the greetings showered upon him.

One of his visitors on the stage was General John H. McDowell, head of the Tennessee division of United Confederate Veterans. The Colonel said he hoped to bring the north and south together.

Mrs. Roosevelt, clad in black, appeared in a box to the left of the platform She carried a red bandana handkerchief and waved it enthusiastically. Mrs. Roosevelt was accompanied by George Roosevelt, a nephew of the Colonel.

TAFT'S OWN STATE.

As the Ohio delegation forced its way through the crowded aisles up to the platform one of the delegates yelled:

"Here's Taft's state."

From the Illinois delegation Miss Jane Addams was lifted up over the press stand, climed upon the platform and joined the colonel He greeted her with a handshake and the Roosevelt grin.

The band gallery struck up "Onward, Christian Soldiers" From the delegates the words of the hymn rose in a confused murmur The colonel stepped forward, raised both hands and led the singing, chanting the words himself.

As the song was concluded, Mrs Sunderland of Los Angeles, an elderly woman, briskly scaled the platform. She was cordially greeted by the colonel.

Two Alabama delegates, one a Union veteran, the other a Confederate, marched up to the platform arm in arm and shook hands with Colonel Roosevelt. They were J C Hollingsworth who served in Lee's army, and John M. Green, who fought in an Illinois regiment.

"Give us a southern Democrat for vice-president and we'll break the Solid South," they told Colonel Roosevelt.

"Good," the colonel responded "I'll do my very best to do it."

CALLS PARTY CONSERVATIVE.

Colonel Roosevelt had spoken but a few words to the convention today before he began to interpolate new matter in his prepared address.

"We want to say to those who vaunt their conservatism," he said, "that we are the real conservatives"

[illegible] what amazed silence as the colonel paused. There was a great cheer as he added "For the only wise conservative is the wise progressive."

"The ballot is as necessary for one sex as another," declared Colonel Roosevelt, amid great enthusiasm, especially among the suffragette delegates.

In discussing the courts, Colonel Roosevelt said that there might legitimately exist a difference of opinion as to the desirability of an income tax, but there should be absolutely no question as to the right to impose such a tax if the people desired it.

Colonel Roosevelt aroused great enthusiasm when he declared he was advocating neither Socialism nor anarchy, but on the contrary, was advocating a "corrective to Socialism and antidote to anarchy."

Colonel Roosevelt concluded his address at 3:39 p. m. There was another demonstration.

When Colonel Roosevelt had left the Coliseum the business of the convention was resumed, the report of the credentials committee unseating the negro delegates from the south being adopted without debate.

Without effecting permanent organization, the convention at 2:55 p. m. adjourned until 11 a. m. tomorrow.

NEGRO DELEGATES BARRED.

The second day of the convention opened with a well defined fight over the negro question vieing for first interest with Colonel Theodore Roosevelt's delivery of his "confession of faith" to his followers in the progressive cause.

Some of the delegates declared that the elimination of the southern negro from participating in the forming of the new party had become the paramount issue of the convention. Eastern negroes joined with their brothers from the south in denouncing certain things that occurred at an all night meeting of the credentials committee, when the last of the southern negro delegates were barred from the floor of the convention in a close vote. The vote stood 17 to 16 against the negroes from Mississippi, and immediately Julius T Mitchell of Rhode Island and other eastern negroes joined in crying that the deciding ballot had been cast by a questionable proxy [illegible] committee.

Fairly sputtering indignation, the negroes announced they would carry the matter to Colonel Roosevelt for a personal ruling on the point. The vote on the Mississippi case came in a secret session of the committee at 3 o'clock this morning, a few hours after both white and negro delegates from Florida had been barred.

END IS NOT YET.

"This matter is not settled yet," said the Mississippi negroes, when they learned of the decision of the credentials committee. "We will lay the matter before Colonel Roosevelt himself today and if necessary, we will carry the fight to the floor of the convention."

The negroes were indignant and excitedly voluble throughout the session of the committee, which began at 8 o'clock last night and continued until nearly daybreak. The Mississippi contest was the last to be taken up and it was begun shortly after midnight.

The national committee had been notified to unseat the negroes and they appeared primed for oratory. Half a dozen of them told the committee that [illegible] Fridge, was equivalent to disfranchising the negro.

The Fridge delegation was elected at a convention, the call to which was addressed to "white" citizens of Mississippi. The negroes were not allowed to take part. Fridge told the committee that the call was written for him by John M. Parker of Louisiana, who had urged him to accept the place as Roosevelt committeeman from Mississippi.

Several of the negroes in the ousted delegation were among the delegation to the Republican convention who stood by Colonel Roosevelt and deserted the Republican convention in Chicago to attend the first Progressive convention when plans were made for the third party.

They had issued a call for a Progressive convention in Mississippi before Fridge was selected as national committeeman. At the instance of Senator Dixon, they said, they withdrew this call to allow Fridge to assume charge But when they discovered that Fridge's call was addressed only to "white" voters they called another convention and elected 10 white men and 10 negroes to cast Mississippi's vote in the Progressive convention.

OBJECT TO LILY WHITE PARTY.

The negroes bitterly complained that the limiting of the Fridge convention to "white" citizens invalidated that gathering. They declared that the seating of the Fridge delegates would mean a "lily white" Progressive party in the south.

After lengthy debate Committeeman Richard W. Child of Massachusetts, proposed seating the Fridge delegates but disapproved the Fridge plan of calling a "white" convention.

At the end of an hour many of the committee had quit the room A vote was taken It was so close that a half dozen committeemen scurried out to round up the absent members But they had departed for bed. The vote was disregarded and another vote was taken. This time, by a vote of 17 to 16, the following resolution was adopted:

"Resolved, That we regard the Fridge delegates as entitled to seats in this convention, but disapprove that part of the call containing the word 'white' We approve the position taken in the letter written to Julian Harris of [illegible] Theodore Roosevelt."

Julius T. Mitchell of Rhode Island, and Dr George L. Cannon, of New Jersey, both negroes and members of the committee, led the fight for the negroes and they were in a bitter mood when the fight ended.

QUESTION PROXY.

Mitchell declared that the deciding vote in the committee was cast by a questionable proxy, given in blank and hurriedly secured

"We are willing to do almost anything in the name of harmony" said Dr Cannon, "but not in the name of injustice."

Confronted with this decision of the credentials committee and the mass meeting of indignant negroes held here last night to protest against Colonel Roosevelt's position in the matter, the delegates today were in an unrest over the negro situation. The Colonel was determined to and by his announced plans and his influence was seen in the action of the credentials committee.

The situation threatened a bitter fight in the floor of the convention should the negroes appeal to their invasion of carrying the contests to that point.

RAINEY PICTURES PRESENT GREATEST OF ALL DRAMAS

SCENE FROM PAUL J. RAINEY'S REMARKABLE AFRICAN HUNT, SHOWN IN MOTION PICTURES AT MACDONOUGH.

Madam, if that boy of yours has ambitions and sets out from home every Saturday, attired in scout costume and armed with a pop gun, searching the wilds of Oakland for big game—if he does that, nip his ambitions in the bud, comb his hair and take him to the Macdonough.

And, sir, husband of madame and father of the boy: If you have spent your life learning natural history from highly-colored plates in story books, geographies and, later, in encyclopedias, take little Willie by the other hand and trot along. You might even rouse your sluggish sporting blood and buy the tickets.

This pleasantry would be out of place if it wasn't printed here as bait for your attention. Paul J. Rainey's African hunt motion pictures are at the Macdonough, and the subject is a serious one; serious, because the reproduction of Rainey's visit to Africa is probably the greatest contribution to natural history of the past twenty years. And that, notwithstanding anything T. R. may modestly claim and proclaim.

HERE IS DRAMA.

You think the ordinary motion picture, well acted on nature's own stage, is the acme of tragedy, comedy, pathos—as the case may be. Disillusionment awaits you. Fifteen minutes of the Rainey pictures will convince you that these, man-actors you have watched have simply furnished amusement, mighty good amusement, of course, but just that. A wild animal, or several of them, can stage a drama that will out-Belasco Belasco and some others.

Paul J. Rainey is a Cleveland millionaire. More than that, he is a sportsman. When he conceived the idea of a hunt in Africa it was not with the lust of blood urging him. Science had the greater hold of his plans. So it was that with him, to the great and dangerous unknown, went a party of motion picture experts and scientists. And so it was that a record of Rainey's African hunt is preserved, an object lesson in proper sportsmanship and an entire college course in natural history.

MACDONOUGH IS MECCA.

Albert Andreuss told a crowded house at the Macdonough last night the story of Rainey's hunt. Andreuss is a noted scientific lecturer, possessing a fund of knowledge and a storehouse of humor. His tale of the chase is recounted with all the skill and vigor of the professional story-teller.

From maps, on which Andreuss and the audience located the scene of the Rainey expedition, the illustrated tale quickly passed to motion pictures of the preparations for the hunt. Then to the march and to the first camp. A chetah is hunted down, trailed by the dogs, treed, made to jump into the midst of a baying pack and killed without a shot being fired or the aid of a single hunter.

The dogs get scent of a lioness, chase her five miles or so, stand her off, worry her and finally dispose of her when fatigue conquers. Every known animal is shown in its native haunt. African elephants, in herds, have been photographed, probably for the first time.

AT THE WATER HOLE.

Probably you haven't seen "At a Water Hole," billed about town. It is a drama in several acts, with several themes and a deal of thrills. The cast of characters is large and notable; the scene is one of a few "water holes" in the African wastes; the time is any o'clock, any day, any year.

Comes to the water hole a rhinoceros and his mate. The faithful male finds the best spot and the best water for the apple of his eye and proceeds to drink with her, domestically happy. Enter the villian. He, too, is a rhino, and he makes advances to Mrs. R. There is a battle; the "heavy" retires wounded; right triumphs. There's the eternal triangle with a vengeance, not the first time on any stage, but certainly the strongest three-cornered domestic drama that has been reproduced.

Mother elephant brings baby to the water hole for the first time. The youngster's eyes, of a magnitude not in keeping with his food pouch, as per usual, would drink the hole dry in a gulp. Mother pushes him away a score of times until Master Jumbo is ready to take a lesson in table manners. When ma has explained the proper thing in drinking, the youngster is allowed to throw off his cocktail.

You think "Madame X" demonstrates the supreme thing in mother love. Watch Madam Elephant.

Hundreds of animals of every sort, act their part and exit. "At the Water Hole" is one of the great dramas of the age.

And so it goes throughout the hunt. The Rainey motion pictures offer a lesson that you'll never learn at school or college; they reproduce a play not seen on any stage in this part of the world; they are among the best things in science and amusement flashed from a screen.

Which is why ma and pa and little Willie will start for the Macdonough just as soon as the boy returns from his hunt for Indians on the plains across the street.

FORMER DENVER MAYOR IS FINED FOR CONTEMPT

DENVER, Aug. 6.—Former Mayor Robert W. Speer, publisher of a Denver newspaper, was yesterday fined $1000 and sentenced to five days in the County Jail by District Judge Hubert L. Shattuck for constructive contempt of court. Judgment was pronounced by the Court after a demurrer had been denied. Ten days were granted for an appeal.

The case was the outgrowth of libel suits now pending in the District Court aggregating $1,000,000, filed by W. G. Evans, head of the Denver City Tramway Company, against F. G. Bonfils and H. H. Tammen, proprietors of an afternoon newspaper, who in turn instituted a libel suit for $500,000 damages against W. G. Evans and Robert W. Speer, whom they allege were joint owners of a rival newspaper.

[illegible] was fined $500 and sentenced to sixty days in jail for contempt growing out of the same cases.

"FRESH" EGGS WERE OLD.

SANTA ROSA, Aug. 6.—District Attorney Lea filed an information in the Superior Court yesterday afternoon charging J. Adams of Petaluma with obtaining money under false pretenses. Adams, it is alleged, sold over 300 dozen eggs as "fresh eggs" when they were really eggs that had gone through an incubator, many of them having served full time. He made a neat sum out of the transaction, but his customers soon discovered that they had been duped.

CONFESSED MURDERER TRIES TO KILL SELF

LOS ANGELES, Aug. 6.—R. C. Snipes, alias "Big Bob," who gave himself up last Friday, saying he was wanted in Burke county, North Carolina for murder committed eleven years ago, tried to kill himself in the county jail last night. Snipes was making desperate efforts to sever the veins in his wrist with a piece of tin when found by the guards and overpowered.

The police have received word from Sheriff Berry of Burke county, corroborating Snipes' story. An officer is now on the way to take Snipes back for trial.

Kirk, an attorney, and Harry McKee were each sentenced to six months in the County Jail and to pay a fine of $200. Jack Whyte was sentenced to six months in the County Jail without fine. In passing sentence, Judge Sloane, at great length and with much severity, denounced the conduct of the trio.

Of the three other men who were also convicted last week, H. Kiser was released on probation and F. W. Hubbard and Robert Gausden were given permission to apply for probation. Kirk and McKee filed bonds on appeal.

WOULD TAX OPIUM AT $5 PER POUND

SAN FRANCISCO, Aug. 6.—"If opium were taxed $5 per pound, smuggling would cease and the government would obtain a large revenue," said United States Customs Surveyor Duncan E. McKinlay yesterday, in discussing the matter. "It is impossible under present conditions, to prevent the smuggling of opium at this port. It would require about 100 men to guard properly one of those big China steamers.

"Opium in large quantities also is being brought into this city by railway from Mexico, hidden in consignments of merchandise and the baggage of passengers. There is no reward for the informer, and therefore, no incentive for anyone to co-operate with the authorities. Hence, I believe in the levying of a duty on the drug."

'PHONE WIRTS SAVE SISKIYOU FORESTS

SISSON, Aug., 6.—Within two hours Friday the three main lookouts on the Shasta national forest reported by telephone to Supervisor R. D. Hammatt at Sisson a total of twenty forest fires set by lightning.

Word was immediately telephoned to the rangers, who having seen the approach of the storm, were ready for emergencies. By 7:20 that evening men with tools had started for at least half the fires. The balance of the fires were in such isolated places that they could only be reached by daylight.

By 11 o'clock Friday night the supervisors had been notified by telephone that eight of the fires were safe, and by noon on Saturday there were men at only five of the fires, all the others being safe.

RAKER MAKES HARD FIGHT FOR YOSEMITE

WASHINGTON, Aug. 6.—Apprehensive that the $100,000 appropriation in the sundry civil bill for improvements of Yosemite National Park may not be passed by Congress, Representative Raker has sent scores of telegrams to the Pacific Coast asking that Senators and Representatives be telegraphed and urged to favor his appropriation.

Among those telegraphed was President Moore of the Panama-Pacific Exposition and the San Francisco Chronicle.

If the appropriation is made the park roads can be improved so as to permit automobiles entering the reservation.

The Interior Department and General Forsythe, superintendent of the park, approve the appropriation.

LA AMITA [illegible]

Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and possibly more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopoeia and relies on an adaptation of the method of wild animals in curing themselves. . . . . N. Y. World.

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, mandrake and queen's root, black cherrybark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that nature has provided.

J. Donald Mackinnon of Ontario, N. Y., says: "I suffered for over five years with what the doctors told me was dilated condition of the stomach, complicated with a catarrhal condition of liver, and nervous heart. I had tried enough nux, bismuth, pepsin, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of 'Golden Medical Discovery' I gave it a fair trial. [illegible] 'Discovery' and also the 'Pleasant Pellets,' and can truthfully say I am feeling better now than I have in years. I cheerfully give permission to print this testimonial, and if any 'doubting Thomas' writes me I will 'put him wise' to the best all-round medicine in the country to-day."

DON'T GROW BALD YOUNG MAN!

Take Care of Your Hair While You have Hair to Take Care Of.

It's a safe ten to one bet that the young man who uses **PARISIAN** Sage as an occasional hair dressing will never grow bald.

There's a reason of course, and it's a very good and sufficient one.

Dandruff germs cause falling hair and falling hair means thinner hair and in due time baldness.

PARISIAN Sage prevents baldness by destroying the cause of baldness—the little, persistent, vociferous dandruff germ.

If you have dandruff or itching scalp it means that dandruff germs are sapping the vitality from the roots of your hair. Get rid of all hair troubles by using **PARISIAN** Sage.

It is not a dye, mind you, neither does it contain poisonous sugar of lead or even sulphur. It is a scientific preparation that abolishes dandruff, stops falling hair and scalp itch, and makes hair grow lustrous and luxuriant.

Many young women as well as men are growing bald and for the same reason.

Use delightful, refreshing **PARISIAN** Sage; it nourishes the hair roots, if the roots are not dead, and brings to every user a head of glorious hair—radiant and fascinating. Large bottle for 50 cents at drug stores and toilet counters. See that you get **PARISIAN** Sage.

BELASCO TO HAVE COURT AS AUDIENCE

Dramatist Will Produce Two Plays to Prove They Are Dissimilar.

NEW YORK, Aug. 6.—David Belasco, who, with William C. de Mille, has been accused of appropriating the idea of the play known as "The Woman" from Abraham Goldknopf's play, "Tainted Philanthropy," made a novel proposition to United States Judge Holt yesterday that he would produce at his own expense both plays the first week in October to show that Goldknopf's claim is unfounded.

This came as the climax to a heated argument between Belasco, Goldknopf and Adolph Freyer, counsel for Goldknopf, during which Belasco declared he was the victim of a conspiracy and that the two plays bore no similarity.

Judge Holt willingly accepted the proposition made by Belasco, and agreed to decide the suit brought by Goldknopf after witnessing the performance of both plays.

"I am glad your honor will come to see the two plays," said Belasco, "because I want to put an end to this annoyance I have had from aspiring authors, who have claimed from time to time that I stole their ideas.

"And I want to tell you, Mr. Freyer," added Belasco, addressing Goldknopf's lawyer, "that the two plays are no more alike than an elephant's ear is like your mouth."

Belasco declared that the Shuberts are back of the whole thing.

ENVOY R. B. HALE ARRIVES IN U. S.

Big Fair Commissioner Home After Visiting Fifteen Capitals.

NEW YORK, Aug. 6.—Reuben B. Hale of San Francisco, vice-president of the Panama-Pacific Exposition Commission, was a passenger on the Hamburg-American liner Amerika, which arrived last night. He and the other members of the commission sailed for Europe on April 24, and while there visited the capitals of fifteen countries and were received by rulers and the heads of governments. They had an audience with King George, President Fallieres, King Victor Emmanuel, Emperor Francis Joseph, King Alfonso, President Arieta of Portugal, King Haakon of Norway and King Christian of Denmark.

OCEAN TRAFFIC RECORD SMASHED IN NEW YORK

NEW YORK, Aug. 6.—All records for incoming ocean travel were broken yesterday with the arrival of the steamships St. Louis, California, George Washington, Russia, Lapland, Rotterdam and America.

The arrivals for the day were made up of 1506 first-class, 2045 second-class and 5736 steerage passengers, totaling 9287, or about 500 better than the best previous record.

It was a peculiar incident that the establishment of a new record for incoming ocean travel should have been broken on the 120th anniversary of the founding of the revenue cutter service, established by Alexander Hamilton August 4, 1792, with ten boats and 120 men. Today there are forty boats in the service and 1700 men.

'FAIRY TALES,' IDORA'S BEST, DUE TO MAKE 1912 HISTORY

MISS JOSIE HART (CENTER), PAUL HARTMAN AND MISS JOSEPHINE HARTMAN AT IDORA PARK.

The best comes last. That applies to Ferris Hartman, for our jovial friend has announced that this is to be his farewell week at Idora Park. The public laughed with Ferris during the first four weeks of his Idora engagement; enjoyed him during the revivals of the Gilbert and Sullivan operas; but this week the audience will roar with him. "Fairy Tales" is by by far the funniest offering that has been dished out at Idora during the Hartman regime, and it makes his leaving all the more regretted.

As usual there was a large gathering of Hartmanites on hand last night and they were treated to more chuckles per minute than they could assimulate.

They jolly each other, the orchestra, the stage hands and the audience, and everybody enjoys it. You've never heard of "Fairy Tales" before, nor of Raymond Morse, its author; but some of the music and some of the gags seems strangely familiar. Morse evidently did not hesitate to gather material from every successful musical comedy since the day of Adam. At all events, he knows what is good, for his offering is about the best that has struck the town in many a month.

While Ferris Hartman is the big magnet that draws the crowds to Idora and his name appears on the program in big type, he is hard pressed for the honors of this, his farewell show. In fact, Hartman and everybody in the audience, concede the laurels of the evening to that 290-pound midget, Roscoe Arbuckle. He has been comical for the past six weeks, first as a porter, then a coon, a French Chef, the Mikado then Dick Deadeye. But this week, as Queen of the Fairy's, Arbuckle is at his best. To see him flirt across the stage in pink tights and a ballet dancer's costume, is worth the price of admission alone. To think of it, it's worth lots more than the price of admission, for at Idora the admission price doesn't cut much figure.

IS SOME DANCER.

Arbuckle plays a kind of a traction magnate fairy, for he is surrounded by a Sausalito fairy, a Richmond fairy, a Key Route fairy and an Oakland mole fairy. And then he executes some fancy dancing that brings the house down. To see 290 pounds to a fancy dance in ballet costume will make anybody forget that the rent is due.

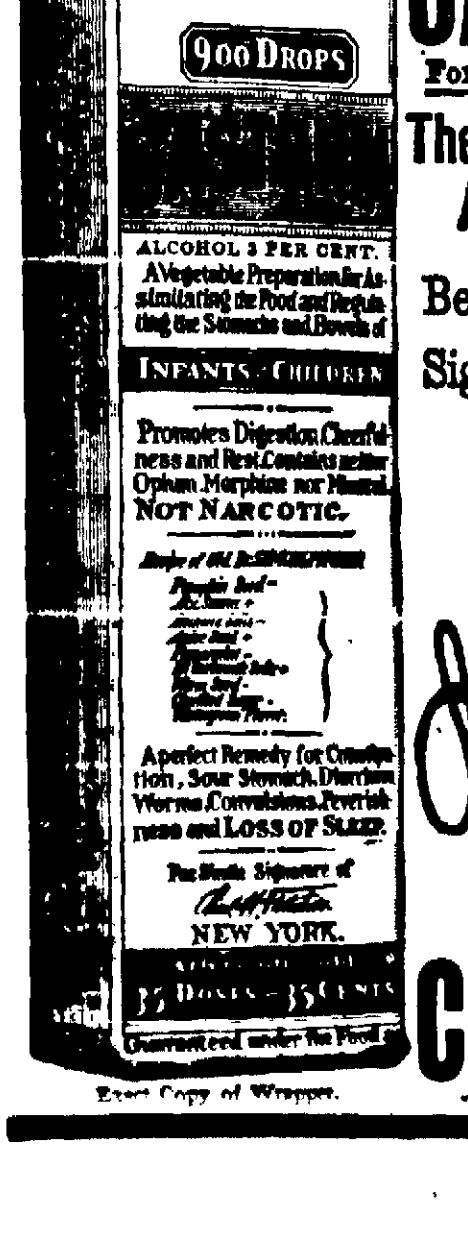

The genial leader of the merry Idora outfit, Ferris Hartman, gets the laughs himself. As Old Man Bun, intimate friend of Mrs. John Barleycorn, Ferris slips over some of his favorite brand of comedy. He jollies everybody and everybody enjoys it. The familiar characters of the children's story books have all been dragged out by the enterprising playwright, and the heart of each and every child that visits Idora during the week will be gladdened thereby.

Lawrence Bowes is the Little Jack Horner, although physically he's a pretty big one, and his pleasing tenor voice is heard to advantage. Walter De Leon is Ginger, and he's full of it, for he dances and kicks over the traces in the usual De Leon Manner. The two little Hartman children are much in evidence, Master Paul is Little Boy Blue and Miss Josephine as Little Bo Peep. Harry Pollard plays Simple Simon, and once again his clever character work is admired. The Old Woman That Lived in a Shoe is in the capable hands of Miss Josie Hart. A couple of delightful songs are rendered by Miss Dixie Blair in the role of Old Mother Goose. Minta Durfee is the pretty little Princess and Miss "Muggins" Davies scores her usual hit, this time as Marjory Daw.

The whole production smacks of newness and shows an effort on the part of the Idora management to please its thousands of patrons.

NORTHERN PACIFIC ENDS STRIKE; RAISES WAGES

SPOKANE, Wash., Aug. 6.—Concessions by the Northern Pacific Railroad Company of wage increases amounting to one and one-half cents an hour for all Spokane freight house employes, with the exception of foremen and officials, brought to an end yesterday the strike that has been in progress since last Thursday afternoon. The increase was less than the men demanded, but it was said that with the exception of three or four, all the old employes returned to work.

PROBES CHARGE OF OVERCHARGE

San Francisco Police Department Investigates Complaint of Chicagoan.

SAN FRANCISCO, Aug. 6.—An overcharge by a taxicab driver, followed by an accusation of graft on the part of the police, was investigated last night by Lieutenant Carroll, commander of the ferry depot squad; Sergeant Birdsall and Patrolman Scollin. The matter was reported to Lieutenant Carroll by Charles Winder of 308 Dearborn street, Chicago. He claims that the legal fare was $1.50, but, as he had baggage on the seat for which 20 cents might be charged, he was willing to pay $1.70. The cabman was insistent, however, and he handed over $2, the sum demanded, with little parley. He then appealed to the night clerk, who, he declares, told him: "There is more or less graft between the drivers and the police and I can do nothing for you."

In making his complaint Winder assured Carroll that he did not want the chauffeur arrested, but merely desired to acquaint someone in authority of a charge that had been made, accusing the police of grafting.

Sergeant Birdsall on investigating reported that the proprietor of the hotel in question had it in for the police because of their threat to arrest him some time ago at the Third and Townsend street depot when he used a solicitor's license himself and allowed others to borrow it from him, contrary to the rules.

SACRAMENTO CLOSES NOTORIOUS DISTRICT

SACRAMENTO, Aug. 6.—Orders were issued yesterday to the police department by Commissioner Bliss closing the so-called concentration camp in the Tenderloin district of the city. This camp was established several years ago under official sanction as part of an ostensible plan to reform social conditions in Sacramento, but has been since the occasion of great scandal.

Public meetings have recently been held to denounce the institution. Large fortunes have been amassed, it is charged, by politicians who were the stockholders in the enterprise. One portion of the restricted district was destroyed by fire a few weeks ago, and the present agitation arose as a protest against its rebuilding.

STANDARDIZATION RULE ADOPTED BY GROWERS

FRESNO, Aug. 6.—Green fruit men yesterday put into effect a standardization rule on Malaga grapes, which was adopted last week. Under this rule, no Malagas will be shipped from the Fresno district unless they test at least 18 per cent sugar. Three inspectors have been employed to make the tests. All fruit will be tested in the packing-houses.

WOULD RECALL JUDGES.

WASHINGTON, Aug. 6.—An amendment to the constitution for the recall of judges of inferior federal courts was proposed in a resolution by Senator Ashurst of Arizona. It would authorize a recall by "the qualified electors of the judicial district in which a judge might have "committed high crimes or misdemeanors," and would apply to all federal judges below the Supreme Court.

Don't Blame Your Over Worked Stomach

When your stomach will not digest food, the worst thing you can do is to take a lot of digestive medicines. True, they give temporary relief, but your stomach is the sufferer. Loss of appetite, indigestion, dyspepsia and headaches can only be permanently relieved by removing the cause. In many cases, various remedies taken to relieve these conditions result in ruining the stomach and preventing it from digesting food in a natural way.

If you want your stomach to do its own work properly, without resorting to artificial digestives or predigested foods, use Jayne's Tonic Vermifuge. Take small doses regularly, preferably before meals. In a little time your stomach will again do its own work, and you will eat heartily, keep well and enjoy living. Jayne's Tonic Vermifuge is not a digester in itself, but it tones up the stomach and intestines, giving you all the nutriment and strength from the food you eat.

Many forms of supposed indigestion are the result of intestinal parasites, for which Jayne's Tonic Vermifuge is unsurpassed. Insist on Jayne's; accept no other. Millions have praised it for more than eighty years. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

OAKLAND TRIBUNE EDITORIAL PAGE

President

Abusing the Recall and the Referendum

NOW THAT the attempt to Mexicanize the city of Oakland at the bidding of the I. W. W. has been repelled we should turn our attention to frustrating the conspiracy to annex Oakland and her sister cities to San Francisco. The methods of the attack on the liberties and rights of the people on this side of the bay are the methods pursued by the persons who forced the recall election.

San Francisco is employing the initiative and referendum to graft an amendment on the State Constitution permitting San Francisco to force annexation elections on her neighbors. This amendment was designed to put in the hands of San Francisco a weapon of coercion, give her the power to call special elections in the cities on this side of the bay that will be harassing and expensive.

San Francisco wants to dismember five counties fronting on the bay and annex the most populous sections, and she asks the voters of the state to empower her to call elections in those counties whenever she chooses. The cities and counties she is trying to dismember and absorb will be compelled to foot the bills incurred in holding annexation elections instigated by San Francisco.

The I. W. W. invaded Oakland and attempted to override the ordinances. Failing in that, they forced a recall election on the city that has cost the taxpayers a good many thousands of dollars. The law which permits this is wrong. It gives irresponible and factious minorities too much power. It denies the right of the majority to rule, and it enables the minority to put the majority to useless and unnecessary expense.

What the I. W. W. tried to do with the recall San Francisco is trying to do with the initiative and referendum. The recall was instituted for a laudable purpose—ridding the city of corrupt, incompetent and faithless officials. It has been invoked to punish capable and upright officials for doing their duty. Similarly, the purpose of the initiative and referendum is to give the electorate the power to initiate and carry to a successful conclusion salutary reforms which are strangled or emasculated in the Legislature. San Francisco is employing it as an instrument of conquest. She is using the machinery of the referendum to extend her dominion over her neighbors, and to destroy the right of local self government which they at present enjoy.

Thus the referendum is being prostituted, to accomplish a selfish and ignoble purpose; not to right but to inflict a public wrong. It is to be resisted, therefore, as an effort to corrupt and destroy an agency designed to give broader and freer play to the principle of popular government.

Why the Recall Was Voted Down.

The decisive majority cast against the recall testifies to the sane and healthy public sentiment which controls in this city. The vote was by no means an endorsement of everything that has been done by the present municipal administration. It was primarily a rebuke administered to lawless disturbers and the unscrupulous demagogues who sought to clamber into office by attacking the cause of civic progress and the fair name of the city. It was the sinister motive behind the recall that the voters stamped on. In stamping on it they displayed sound sense, keen discrimination and their devotion to the principles of good government.

In the campaign just closed with so much credit to the city of Oakland and honor to her citizens, Mayor Mott and his colleagues were identified with law and order, with civic progress, with respect for the national flag and patriotic ideals. They were on trial as defenders of social stability and civic development against wanton and dishonest attacks. They were sustained for the cause and the principle they represented. On the issue raised the electors were with them and against the men who raised it and the methods which were employed by the recallers.

The thinking people who own property or have their business interests in Oakland were firmly determined not to entrust their civic destinies to John L. Davie, Dr. Jackson and the I. W. W. Hance they sustained the Mott administration. But it was by no means an unqualified vote of confidence. It was an acknowledgment of good service in the past and expressive of a confident hope of better in the future.

The magnificent majority given against the recall should stimulate Mayor Mott and Commissioners Baccus and Turner to greater exertions in the city's behalf in future. It is up to them to justify the expectations so generously expressed at the polls. The people have confidence in their integrity and good intentions. It now rests with them to justify the confidence and meet the expectations. With public sentiment so strongly at their backs they have it in their power to render great service to the city. THE TRIBUNE believes they will, and will cordially second their efforts to make Oakland a greater and more prosperous city, one worthy the pride and loyalty of an enlightened population.

The flag still floats from the pinnacle of the new city hall. It is the American flag, too; not the red flag of the auctioneer and the anarchist.

Roosevelt's part in the bull moose convention will be small. He will no nothing but nominate himself, name his running mate and make the platform. He will leave the rest to the convention. But the delegates will not be overworked in cleaning up the business the Colonel leaves unfinished.

Hats Off to the Women.

It must be freely conceded that the women of Oakland amply proved their right to the suffrage in the recall election. They took a keen interest in the issues presented for their consideration and displayed both wisdom and a talent for political organization. To them is largely due the credit of the victory for law and order and progress. There was no more effective organization in the city than the Women's Good Government League. This organization got the women out to vote and prompted them to vote right. They voted intelligently and conscientiously and their participation in the election was entirely wholesome and beneficial to the public welfare. Whether or not the majority of women wanted the ballot, they nevertheless used it and used it well. They demonstrated their capacity to exercise the franchise. Our hats are off to them—they are as good citizens as they are good wives and mothers.

When Wyerhauser's agent wanted to buy the California and Oregon land grant from the Southern Pacific he remarked that the Washington officials were understood to be "particularly friendly to the railroads just now." That was immediately after E. H. Harriman had raised $260,000 to assist in electing Theodore Roosevelt President. The bull moose and his kids, Gifford Pinchot included, were in charge of the works at Washington. Under President Taft's administration the government is suing to recover the California and Oregon land grant on the ground of failure to comply with the conditions of the grant. No such issue was raised while Roosevelt was President.

A Modern Political Platform.

We commend, as a model of brevity, clearness and precision, the following platform adopted by the Citizens' League of San Antonio:

1. We favor a commission form of government.
2. We favor the making of a new charter to conform to the necessities of our growing city.
3. We condemn the political assessments of city employes as being a species of blackmail, contrary to law.
4. We favor permanent street improvements as against the present makeshifts, and we favor the extension of storm and sanitary sewers.
5. We stand pledged to the investment of the sinking fund as rapidly as possible.
6. We stand pledged to submit any new water contract that is made to a vote of the people.
7. We favor a thorough reorganization of the police and fire departments on civil service lines.
8. We favor a thorough reorganization of the sanitary departments, to the end that we may have clean streets free from mud and dust.
9. We stand pledged to appoint as heads of city departments men that are upright and capable, the best the city can command.
10. We denounce in unmeasured terms the employment of armed special policemen at the polls as being contrary to the spirit of free government.
11. We favor a progressive policy and believe that the city authorities should co-operate with all the other organizations inaugurated for the public good.

Not a word is wasted here. There is no clap-trap, no pointing with pride and viewing with alarm, no beating about the bush, no rant nor fustian. Whether one agrees with the program set forth, or doubts the good faith of those who have formulated it, one must nevertheless concede it leaves no room for doubt or misunderstanding. As a statement of intention, which is all a platform should be, it is plain, straightforward and explicit. Would that the example set in San Antonio were more generally followed.

Platform makers should say what they mean and mean what they say, and state their purposes as clearly and concisely as language will permit. But it is too often the case that the declaration of intention is a turgid mass of ambiguities and equivocations and clouds rather than clears the issues to be dealt with.

SLAVE FOR FIFTY YEARS

Sold to a Tartar 50 years ago, Theofilia Kronska of Vank, Caucasus, seeks relatives in America. Her story is a strange one.

All that she remembers is that she was born in Schaczeff, Poland, 63 [illegible] ago. Her father was a judge and she had six brothers. She remembers the names of five, who were John, Ladislaus, Roman, Nicholas and Adelbert. Inquiries prove that they immigrated to America 20 years ago.

In 1862, when 13 years old, Theofilia was sent to pick raspberries, in charge of a woman who took her miles from home and sold her to a young Tartar.

Her master took her to the Caucasus mountains and then to Turkey, where she was kept in a harem, forced to become a Mohametan, and given the name of Mezeda.

[illegible] made her his wife, took her back to the Caucasus. When he died the wild Kurds, among whom they had lived, helped her to bring up her four children, who are as wild as their surroundings.

Thirty years have now passed since she was left a widow, and she has now many grandchildren and great-grandchildren.

But she feels a stranger still. For over 50 years she vainly dreamed of her childhood's home and her brothers. But she knew nobody but Kurds and other wild hillsmen till a few months ago, when she happened to meet a Polish traveler, Mr. Leszkiewicz, at a local medicine man's hut.

Mr. Leszkiewicz got talking to her, and noted that she mixed Polish words with her broken Russian. He questioned her and she told him her story.

Her one great desire is to find out where her brothers are and then to return to Poland to die. Mr. Leskiewicz was the first man she had seen from civilized parts since she was sold to the Tartar.

She has enough to live on, as her Tartar husband died a rich man, with huge flocks of sheep and many [illegible] and horses. She came into her share at his death and has carefully hoarded up the money in the hope that she would be able to meet civilized people some day, tell her story and be guided home from the mountain districts of Kinielu-Laczyp, where her tribe lives. —New York World.

Dishonesty in the Name of Reform

The Los Angeles Tribune advises people that "If you want to stop Big Business running the government, register immediately as a Republican in whatever county you live in California."

The Tribune then proceeds to repudiate and abuse the Republican party and advises the people who register as Republicans to turn around and vote for third party, socialistic candidates in the end that third party men be substituted for Taft electors on the Republican ticket.

It may be that the people are mentally and morally obtuse; and that the Tribune can by some hocus-pocus square its logic with common honesty.

But we do not believe that the people are deficient in mental and moral judgment, and we do not believe that the path of reform lies through deception, fraud or machine politics.—Stockton Record.

THE WAYFARERS

The summer days no doubt were fair
When Sappo sang and Helen smiled
And Hector proudly lingered where
He heard the prattle of his child.

When you and I have gone the way
That all must go, and cease to fret,
The glory of a summer day
May grace the world with gladness yet.

But why gaze backward with a sigh,
Or look ahead with doubt or fear?
The summer day is fair and I
May lead you by the hand, my dear.

S. E. KISER.

20 YEARS AGO TODAY

George Thatcher and company remain at the California theater with Tuxedo.

McKee Rankin has formed a partnership with Louis Aldrich to produce the Kentucky Colonel.

Rose Coghlan has signed a sixteen weeks' contract for a tour of the Pacific Coast. Amongst her repetoire is "The Check Book."

Evans and Sontag, the bandits, are surrounded by a posse of fifty armed men at Nigger Creek, ten miles from Orosi. Deputy Sheriff Witty, who was shot by one of the bandits, has been removed to his sister's home in Alameda.

The State Militia summer camp has been opened at Santa Cruz under the name of Camp Columbus. Major General Dimond is in command. Colonel D. B. Fairbanks is in charge of the Fifth Regiment. Lieutenant I. L. Cavasso is very popular with the Oakland guardsmen.

THE TRIBUNE today was placed on sale, for the first time, on all trains leaving Oakland.

Francis Murphy, the temperance leader, has again returned to Oakland and renewed his campaign.

It's hard for a man with a grievance to stick to the truth.

Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant those fibres and muscles which nature is expanding, and soothes the inflammation of breast glands. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child.

Another "Only Original" Map of Cocos Island Makes Appearance.

ABERDEEN, Wash, Aug 6.—The bark Hesper, Captain Fred N. Hackett, cleared from this port yesterday ostensibly to carry 80,000 fet of lumber to Antofagasta, Chile, but in reality to go to Cocos Island, the lure of fortune hunters for more than a score of years.

Captain Hackett claims to have the "only original" map of the island, showing the burial place of money, jewels and other treasure valued at many millions of dollars. Hackett claims to have got the secret from one of the men who helped bury the treasure.

Two other expeditions, one headed by Miss Genevieve Davis, an English woman, and the other by Mlle Matilde Durand, a French woman, also equipped with what they claim to be original maps, are already on the way to the island.

STANLEY WOULD ACT QUICK ON STEEL REPORT

WASHINGTON, Aug, 6—Representative Stanley of Kentucky yesterday introduced in the House a special rule to precipitate debate on the result of his committee's investigation of the United States Steel Corporation

His plan under the rule is to devote six hours on Thursday to the debate, half the time to be controlled by himself and half by Representative Gardner, Republican of Massachusetts

Two bills designed to amend the Sherman act were presented by Stanley today One prohibits ownership by one corporation of stock in another, and the other is the Brandeis bill, which gives injured parties the right to sue on the same status as the Government to dissolve combinations which threaten them

SPOKANE CANDIDATE DENOUNCES ROOSEVELT

OLYMPIA, Wash, Aug. 6.—When A. C. Shaw of Spokane filed his papers yesterday as a candidate for the Republican nomination for Congressman-at-large he obtained permission from Secretary of State I M. Shaw's statement says he is a Republican and believes in the Progressive principles as outlined by Washington, Hamilton, Jefferson, Lincoln, Roosevelt, Taft and Governor Hay, but is no longer a follower of Colonel Roosevelt.

WOMEN IN THE NEWS

M'NAMARA TO FIND WIFE GONE

San Mateo Society Woman Spurns All Attempts at Reconciliation.

NEW YORK, Aug. 6—Although Nicholas J. McNamara and his daughter, Miss Gladys, are expected today after a hurried journey from San Francisco in an endeavor to effect a reconciliation with Mrs. Margaret I. McNamara, they will be disappointed, for, according to Mrs. McNamara's attorney, John J. McCauley, she left early yesterday for California.

"Mrs. McNamara does not want reconciliation with her husband," said Attorney McCauley. "She has gone to her home in San Mateo, Cal., to avoid meeting him and also to protect her own interests there. During her stay here she was at the Knickerbocker Hotel, but we permitted no one to see her. Mrs. McNamara has been advised that an effort is to be made to have her adjudged incompetent to manage her own affairs and she wants to fight that proceeding. She is accompanied on her trip homeward by her two sons and a nurse, who has been with her constantly since Mrs. Perkins was torn from her."

Mrs. Perkins and Walsh are still in custody, having been unable to get bail, and their case was adjourned today until Thursday, when, it is said, officials will arrive from San Francisco with an extradition warrant to take them there.

Loses $10,000 Gems

LONG BEACH, Aug. 6.—The loss of $10,000 worth of diamonds by Mrs. Edwin Earl, wife of the multi-millionaire publisher of two Los Angeles newspapers, while attending a social function at the Hotel Virginia a few nights ago, came to light yesterday when the matter was placed in the hands of a city detective agency.

Accompanied by her maid, Mrs. Earl arrived at the hotel in the middle of the afternoon and had the diamonds, including several rings and a large sunburst, in a jewel casket. Mrs. Earl went to the hotel grill for dinner while her maid took her evening meal in the maid's quarters. The jewel casket was left in a dresser while both mistress and maid were dining.

After dinner Mrs. Earl returned to her room to don a party gown and discovered the loss. A careful examination showed that the thief had entered by the door with a skeleton key. Nothing else was disturbed, showing that the thief knew what he was after and where to get it.

Two years ago while attending a reception and ball, Mrs. Earl lost a necklace of perfectly matched pearls valued at $20,000, of which no trace has ever been found.

Captures Bandit

CRAIG, Col., Aug. 6.—After successfully eluding heavily armed posses from three counties for a week, William Sartelle, alias William Morgan, said to be the leader of a desperate gang of outlaws from the Hole in the Wall country, Wyoming, and who escaped from the jail here with two companions last Tuesday morning, Sunday was made a prisoner by a woman.

Mrs. Annie Decker, wife of a Snake river rancher, "covered" the outlaw with a revolver while he was eating a meal which she had prepared for him at the point of a gun. The plucky woman disarmed the bandit, then "hog-tied" him.

Afterward she telephoned Deputy Sheriff James Davis of Carbon county, Wyoming, and until his arirval the woman was alone with her prisoner. Sartelle is now in jail at Dixon, Wyo.

Fleeces Woman

BUFFALO, N. Y., Aug. 6.—Arrested two days after his marriage on a charge of attempted larceny is the predicament of Arthur Jarry, who came here a few weeks ago from his home in San Francisco.

Jarry posed here as a millionaire. He met Miss Mary Slain and proposed marriage. In order to make an impression, he opened negotiations for the purchase of the house in which the three Slains live. The night before she consented to marry him she sat on the arm of his chair and saw him write a letter to some friend in California, ordering him to sell some property there for $58,000. He ordered several thousand dollars' worth of furniture, an automobile and engaged a chauffeur. His arrest was caused when the merchants delivered their goods and were unable to collect their money.

Jarry now admits he has not one cent. He is 22 years old and a harnessmaker by trade.

NO AGE

By LILLIAN RUSSELL

LILLIAN RUSSELL. Copyright Photo by Schloss, N. Y.

AS the years pile up along the traveled path, the loveliness of the vital and the strength of the mental systems should take the place of muscle and outline, if any change must take place, which to my thinking is unnecessary. As a preservation of youth, contentment and good humor outrival all medical concoctions. Belief in the goodness of the world makes your world good. Let the evils rest where they are, do not bring them into your consciousness. A woman, beautiful in all else, but lacking in spiritual understanding and the joy of living will grow old, sour and sallow, while a merry being, sincere in her faith, kind and forgiving, will be as sweet and fresh as a mountain flower despite a long life of adventure and sorrow. Second only to buoyancy of spirit as a perpetuator of youthful charm is native simplicity.

Affectation, however delicate in construction, however carefully embellished, is always pretentious and vulgar. There should be never a conscious smirk, never coquetry, never the wink of doubt in the youthful face, and as for scorn or a sneer, the thought behind the expression is enough to add age lines to the youngest face. Youth is in the spirit, and the spirit never grows old. It is the spirit which lasts always, the spark that stirs the heart to joy or sorrow, the ambition that awakens us to action. Some people down that spirit, and pronounce the verdict of age upon it, but spirit has no age, it is born with us and remains with us until we drive it out of us. It would never leave us if we so willed. So cultivate the spirit of youth, which is everlasting ambition, hope and love of humanity. See the best in the world, see the good in the world. What is gone is no part of youth. What will be is filled with the youthfulness of hope. Remember, all real enjoyment is youthful, whether you be 6 or 60.

MRS. G. W.—If you wish to gain flesh eat plenty of good, nourishing flesh making foods, sleep all you can, and get plenty of fresh air. Above all things, don't worry. The worry habit is one that grows rapidly. The more it is indulged in the stronger it becomes. When you discover that you are its victim, just stop and consider: What do I gain by it? If so, what is the gain? What do I lose by it? Health, strength, cheerfulness, the power of helping others. Whatever you do, don't say "I can't help it." The worry habit is easily overcome if one is determined. I shall be glad to send you the English dietary for gaining flesh if you will send me a stamped, addressed envelope.

MOTHER—It is unusual for a child to have such continuous headacheswithout some cause for it. The trouble may be with her eyes, and possibly she may need glasses. The strain of studying her lessons may so tax her eyes as to give her a headache. I would therefore recommend that you have her eyes examined the first thing. Another cause of headache in girls of her age, who study hard, is impoverishment of the blood. Is she pale? If so, she should take some preparation of iron to improve the quality of her blood. Does she eat enough before going to school? I think many school children go off in the morning to their studies without having eaten enough breakfast. If you find after all that she still continues to have headaches, I would take her out of school for awhile, and let her live an outdoor life. You will find that her general health will improve to pay for her falling behind in her classes. You should not rest satisfied until you have discovered the cause of her headaches and she has recovered from them, as her whole future health may depend on it.

MISS T. A.—I am sending you the dietary for gaining flesh. Eat nourishing foods, don't worry, and get plenty of sleep. Altogether too little time is given to rest by the majority of women. They toil from six to ten hours daily, and are not content to make their playtime short. Instead of eight hours' sleep, recommended by the laws of health, they seldom get more than five or six. This will soon destroy both health and beauty, especially of the working woman. Somehow lack of sleep affects a woman's looks more quickly than a man's.

EVELYN—If you will send me a stamped addressed envelope I shall be glad to send you a stronger bleach for freckles, also a formula for an excellent cold cream. One important don't for a woman to learn is not to wash her face just before going out or directly after coming in. All face creams and lotions in the world will not help if a woman does not use common sense in the little important things in the care of her complexion.

Don't forget when drying the face after washing to rub uuward. This will prevent wrinkles and help smooth out to a great extent the creases alongside the nose.

MISS H.—The set of exercises I am sending you are excellent for strengthening the eyes. The wash is good for granulated lids. Here are a few don'ts which if more people would heed there would not be so much trouble with the eyes:

Don't read on a moving car.

Don't read by a dim light.

Don't read with your head lowered.

Don't squint; it brings wrinkles.

Don't rub your eyes, as it will flatten the eyeball in time.

Don't read facing a light. The light should fall over your shaolders.

Don't strain your eyes by too persistent reading.

Women with dull eyes should never ewar diamond earrings. The sparkling stone accentuate the fact that the eyes are lacking in luster.

PEGGY.—I cannot print the formula for cold cream or treatment for developing the bust in my columns on account of lack of space, but shall be delighted to send them to you if you will send me a stamped addressed envelope.

OAKLAND'S BOYS AND GIRLS

DESCRIBES LONG 'HIKE' UP MT. DIABLO

L. Ray Ogden, who is one of the assistants in the boys' work of the Young Men's Christian Association, has written the following letter containing an account of a recent trip which he conducted to Mt. Diablo:

The first thing of interest happened when Vincent Iris and Robert Estabrook saw a very pretty little black animal back of the Claremont hotel in the hills. They dropped their knapsacks and started off in pursuit. We soon found, to our complete disgust, that the pretty animal was a polecat.

About 4 o'clock in the afternoon, we reached Carleton Kendall's summer home, near Danville, where the boys went swimming in the pool. We were royally treated by Mrs. Kendall, besides being generously provided with potatoes, sweet corn, eggs, cucumbers and watermelons. We were given cots and hammocks for the night, to be used either in the large guest tent or under the spreading trees.

At the large stock farm through which we passed to reach the base of the mountain, we were told to help ourselves to apricots and yellow plums. This we also did on our return, getting enough also to stew on our campfire.

ON MOUNTAIN SIDE.

The second night was spent on the mountain side, with all the joys and experiences of camp life. Several times during the night fellows would wake up their comrades to ask "what's that?"

We had planned to climb to the top at midnight to see the sun appear, but midnight found the rain pattering in our faces and every fellow kept snugly under his blankets. The hike to the summit was interesting, likewise hot. The view at noon was perfect, we being able to see for miles in every direction.

The third day we hiked towards San Ramon until dusk, then slept in a lane behind an orange hedge. At least, we lay there and roughhoused and watched and listened to the owls. Having plenty of time, the last day we loitered along, experimenting as cooks, fixing and serving various palatable, and otherwise, dishes, with plenty of watermelons, which were reasonably purchased or donated to the fellows.

Leaving San Ramon, we came through Crow canyon to Hayward, where we took the car, reaching the Y. M. C. A. at 5.30 p. m., Friday.

Alden Clark, a pupil in one of the local schools, recently moved to Richmond, where he will enter the primary department of an elementary institution of learning, upon the opening of the fall term.

PAPA PURSUES BOLD ELOPERS WITH PISTOL

REDDING, Aug. 6.—Antonia Fratus, 21 years old, and Miss Elsie Sheridan, 19, eloped from Douglas City, Trinity county, Saturday morning, making the trip to Redding, sixty miles, on horseback. The girl's father, William T. Sheridan, a merchant of Lewiston, learning of the elopement, sped after the lovers, who had several hours' start. Sheridan was armed and threats of shooting young Fratus when he overtook him in Redding preceded Sheridan by telephone.

Fratus and his sweetheart arrived here early Sunday evening. On hearing of the threats Fratus fled to Cottonwood, twenty miles south, leaving the girl with relatives. The father, when he arrived, two hours later, was induced to forgive his daughter and consent to the marriage. The fugitive lover returned and the couple were married here this afternoon in the Baptist parsonage.

BAT BALL GAME CALLS FOR SKILL

The game of German bat ball, which was introduced in the playground department by Miss Winifred von Hagen, director of the girls' department of Mosswood Park playground, is rapidly gaining favor among the boys and girls.

The game is played with a volley ball, a light pneumatic affair. From six to thirty can play. Each side takes a turn at batting, or serving, and is allowed three men at the bat at each inning. Each batter is allowed two serves and must bat the ball with his open hand across a given line, and then run through the "field" around a given pole and return home. The "outside" tries to hit him by throwing the ball, no player being allowed to run with it. If not hit, the batter making the run safely scores one run with it. Sometimes a time limit and sometimes a given number of points determine the length of the game.

FORM GLEE CLUB

Last night, a company of talented boys of Bushrod Park playground organized a glee club, which will be under the leadership of Miss Grace Davis, director of the girls' department of that playground. Six lads compose the society. They are, Leon Downs, Harl Converse, Clarence Armes, Carl Mahon, Clarence Kron and Ernest Kroll.

In the tennis tournament for junior boys Fred Waters and Alvin Hulse played in the finals, and they will defend Bushrod in the boys' doubles. They hold the championship for the Bushrod junior boys.

A number of youths of De Fremery Park playground and Bushrod Park made a trip to Dimond canyon last Saturday afternoon. From that picturesque spot they followed the trail to Redwood Peak, where ... part of the afternoon was passed in tramping.

In the playground baseball league, Bushrod's schedule is nearly completed. The intermediates have one game to play, the juniors have three and the midgets four. Through a forfeited game Monday, the midget standing was raised to .625, thus leading the other Bushrod teams.

GREAT "WAR" WILL BE FOUGHT IN THIS STATE

MANAGUA QUIET FOLLOWING OUTBREAK

President Diaz Deposes Secretary of War and Trouble Begins.

United States Marines Are Sent From Panama to Nicaragua.

MANAGUA, Nicaragua, Aug. 5, by wireless to Colon, Aug. 6.—The city of Managua is quiet today, but has been placed under military guard by the president. The stores continue open throughout the town. The commander-in-chief of the army, Emilo Chamorro, is engaged in recruiting the government forces.

The story of the revolution as related in official circles is:

On Monday morning, July 29, President Diaz deposed the secretary of war, General Mena, appointing in his place General Carmelo Berberana Diaz. He also appointed General Emilo Chamorro, who is leader of the Conservative party, commander-in-chief of the army.

On that afternoon General Chamorro took possession of the left half of the fortress of Managua, in which the residence of General Mena was situated. The troops stationed there and in the fort on the hill joined General Chamorro.

The deposed secretary of war fled to the right half of the fortress, together with his guard, and the troops stationed there sided with him. There was some firing outside the fortress, one civilian being killed and several soldiers wounded.

American Minister Weitzel, carrying the American flag, then called upon both generals and obtained from the late secretary of war his written resignation from office and his promise not to fight.

That night at about 9 o'clock General Mena abandoned the fortress and, with his troops and three machine guns, left the city of Managua. He was joined by the entire police force and marched to Masaya, about twelve miles to the south. Some of the police have since returned here.

ORDER OUT MARINES.

WASHINGTON, Aug. 6.—Marines from Panama have been ordered to Nicaragua to supplement the force of bluejackets now in Managua guarding Americans and their property. The collier Justin, now steaming from San Juan del Sur, was today ordered to Panama to embark 350 marines for Corinto.

The Justin was at sea and nearing Corinto when the radiograph was flashed to her. The vessel had left San Juan del Sur Saturday. It will take her approximately three days to reach Panama and one day to take marines and their full equipment aboard. It will then take approximately four days to return to Corinto.

The marines may not be landed when they reach Corinto. It was said at the State Department today, however, that it was thought prudent to have the force ready.

MARINES LANDED.

SAN JUAN DEL SUR, Aug. 6.—American bluejackets and marines who were landed from the United States gunboat Annapolis at Corinto Saturday and who are now in Managua, have ordered General Luis Mena, former minister of war and now leader of the revolutionary movement, to deliver up immediately the lake steamers owned by the railroads, which are run by an American company.

George T. Weitzel, the United States minister, has sent a note to General Mena advising him that the United States government recognized only the government of President Diaz.

M. J. KELLY WORKS HARD AGAINST RECALL

COUNTY TREASURER'S EFFORTS TRIUMPH

M. J. KELLY, COU NTY TREASURER.

Popular Official Takes Active Part in Campaign in Behalf of City Officials

M. J. Kelly, county treasurer of Alameda county, is receiving the congratulations of his friends this morning because of the successful outcome of the recall election.

Mr. Kelly took an active part in the Mott campaign and organized his forces throughout the city so as to give effective support to the municipal administration.

During the campaign several scurrilous circulars were issued regarding Mr. Kelly and his work on behalf of good government. Those who know Mr. Kelly also know the charges in the circular were false. The result of the election shows that Mayor Mott and his colleagues were given splendid assistance by the various forces of the community who stand for good government.

Mr. Kelly has devoted a considerable portion of his time during the past several weeks in working assiduously against the recall. He believed that Mayor Mott and his colleagues were giving an excellent administration to the citizens of Oakland and he felt that their recall was entirely without cause.

The county treasurer probably has more individual friends in politics than any other man in Oakland. It may be said to his credit that this political force has always been used for the best interests of the community.

Personally, Mr. Kelly is a high-minded citizen. Since he has been county treasurer the office has been conducted without a breath of scandal and it may be said in his behalf that he devotes all his time to his office and gives to the citizens of the county a clean and honest administration.

TRIBUNE GAVE PROMPT RETURNS OF ELECTION

Bulletin Service and Extra Edition Tell News of Anti-Recall Victory

The only elaborate bulletin service last night, giving returns of the recall election, was that furnished by THE TRIBUNE, which also issued the only "extra" announcing that the recall had been defeated.

Upon a large screen in front of the former headquarters of the Security Bank at Eleventh and Broadway were promptly flashed figures from the 169 voting precincts in the city, showing the result of the voting on the recall question, as well as for the various candidates in the event of the recall carrying.

The enterprise of THE TRIBUNE was commented upon by many in the immense crowd which filled Broadway near Eleventh street. The "extras" were in demand throughout the evening, giving as they did the first authentic news of the anti-recall victory, based upon the early count of ballots.

There were frequent cheers from the crowd as the returns showing the overwhelming defeat of the I. W. W., the Socialists and their allies were thrown upon the screen by a stereopticon, following the prompt telephoning of figures from the city hall to THE TRIBUNE office.

At the city clerk's office and at police headquarters the returns were rapidly compiled and by 10:15 p. m. the final precinct had reported its vote. The official returns were carried to City Clerk Frank J. Thompson's office by election officials, and in each precinct policemen telephoned the figures to the city hall station, where they were entered upon a chart by police officials.

The totals from each precinct were flashed upon THE TRIBUNE screen a few moments after the count had been completed in the voting booth.

MARRIAGE AND DIVORCE TO BE THEMES

Former Berkeleyan Arranges a Program for Great Conference.

Notables to Take Part in the Discussions at Portland.

BERKELEY, Aug. 6.—Marriage and divorce, world peace, temperance and social evils are among the subjects to be considered at a conference in Portland next year for which Henry Collin Minton, D.D., L.L.D., is now arranging on this coast. Dr. Minton is the guest of Berkeley friends this week. He announced today a list of the speakers who have promised to attend the conference, including some of the most famous statesmen, clergymen and educators of the world.

Among the men Dr. Minton mentions are Governor Woodrow Wilson, Ng Poon Chew, Professor Richard Lodge of the University of Edinburgh, Booker T. Washington, Charles Reynolds Brown, former Oakland minister and now dean of Yale Divinity School, Justice Charles E. Hughes of the United States Supreme Court, President Benjamin Ide Wheeler of the University of California, Judge Ben Lindsey, President David Starr Jordan of Stanford University, Charles Merle d'Aubigne of France, Professor Alberto Clot of Italy, Dr. Bang, the Bishop of Norway, and Governor Charles S. Osborn of Michigan, besides many others.

"Take such a subject as marriage and divorce," said Dr. Minton today, discussing the scope of the conference, "and you will see what a wide field of work we will have. We agree with Justice Brewer that this is a Christian, not a pagan or Mohammedan nation, and that our social problems ought to be settled as a Christian nation would settle them. Christianity gives us the basis for our attack on the divorce problem. No one believes that this basis ought not to be widely interpreted, but that it must be adhered to in the main is equally an unavoidable conclusion.

MEETING DIVORCE PROBLEM.

"The problem of divorce may be met from many angles, but one angle that is too often ignored is that of the children. The family, not the individual, is the necessary unit of society and the home is the nucleus of the nation. Fundamental, then, must be all legislation concerning divorce and necessary, from the Christian point of view, the scriptural as well as the economical and empirical considerations that control this legislation.

"The ravages of intemperance are deadly and beyond measure the world over. How important that, not as to local methods or special policies, but as to the great moral interests that are imperiled, all countries should align their forces intelligently and concertedly to the end that this dreadful enemy of mankind should be overthrown. The rising tide of sentiment in favor of international peace is most gratifying, but even peace is a doubtful and transient blessing without national honor and universal brotherhood.

TO EXCHANGE IDEAS.

"These, then, are some of the topics we shall attempt to consider. The conference will offer opportunity for a free exchange of ideas upon such subjects only from the distinctively Christian viewpoint."

Dr. Minton is not a stranger to the bay region, despite that his residence for some years has been in New Jersey, where he is pastor of a Trenton church. He was one of the important members of the directorate of the San Francisco Theological Seminary some years ago, when he spent much of his time in this city. Later he went East and was elected by the Presbyterian church as moderator of the general assembly. He was specially prominent in the work of the National Divorce Congress, being appointed a New Jersey delegate thereto by Governor Wilson.

Striking topics have been assigned to several of the speakers. Governor Wilson will speak on "The Moral Implications of the Right of Suffrage." "The Negro Problem in America" will be considered by Booker T. Washington and "Gambling, the Cause, Crime and Cure," by Justice Hughes. Dr. Brown will discuss "Christianity and Social Purity," while "Responsibility for the Moral Character of Rulers" is the theme chosen by President Wheeler and "The Ethical and Economical Evils of War" by President Jordan.

POLICE CLEAR MYSTERY OF ACCIDENT

SEEK AUTOIST FOR ABANDONING VICTIMS

CAESAR PREGNO, WHO WAS LEFT WOUNDED ON STREET BY AUTOISTS WHO RAN HIM DOWN, AND CAMILLO ALLARA, HIS INJURED COMPANION.

C. L. Southgate of 139 Balbash street, San Jose, was the owner of the big touring car that ran over Caesar Pregno of 454 Forty-second street, and Camillo Allara, of 965 Evelyn street, Sunday morning in San Pablo avenue, and after picking them up left them lying on the street corner several blocks away instead of taking them to a hospital, according to the police investigation conducted by Inspectors Flynn and Wood yesterday.

The number of the machine was traced to Southgate and the police expect to take him into custody. He will be charged with a misdemeanor in not assisting a victim of an automobile accident. Dr. A. T. Piercy of the Baron building was called in to attend Pregno Sunday, but failed to report the case to the police, as required by city ordinance, and he was read the law by Acting Chief of Police W. J. Petersen today. Doctor Piercy explained that he had not been acquainted with the circumstances of the case.

BADLY INJURED.

Young Pregno sustained a broken left leg and numerous bruises. Allara received a fractured left foot. They stated that it was the fault of the driver of the automobile that they collided with the machine while riding a motorcycle. Pregno said that he was on the right side of the street in turning into San Pablo avenue at Sixty-third street.

After the accident the two injured persons were taken to the corner of Forty-second street and Telegraph avenue where they were lifted out onto the pavement under the excuse of the autoist that his machine had broken down and he could not take them to their homes. They were later assisted home by persons who discovered their plight.

10,000 TROOPS IN BIG WAR GAME

First Movement to Begin Saturday, When U. S. Soldiers March.

Plans of Commanding General Cause Worry at the Presidio.

SAN FRANCISCO, Aug. 6.—The first movement of troops in the great war game that is to be staged in this State, beginning next Saturday, August 10, and to continue for one week, and in which 10,000 soldiers of the various branches of the service will take part, began today when detachments of Troop A, First Cavalry and Company M of the National Guard, Signal Corps, left for the Presidio of Monterey, where the Red brigade, under the command of Colonel William H. C. Bowen, is being mobilized.

The staff at the Presidio of San Francisco is in a quandary as to the intent of the commanding general of the maneuvers and what is the course to be followed in the initial stages of the war game. The only matter of knowledge as to the probable movements of the Red and Blue brigades is that the Blues will remain in camp at the Presidio of Monterey for three or four days and then march south to Coyote by easy stages, there to engage the Reds in battle.

DISPOSITION OF FORCES.

The disposition of the forces of the Red and Blue brigades has been announced as follows.

Red brigade, Colonel William H. C. Bowen commanding, stationed between Monterey and Salinas:

Regulars—Twelfth infantry; Troop A, First cavalry.

Militia—Fifth and Seventh infantry, National Guard of California; headquarters and provisional regiment (five companies), National Guard of Utah; Battery A, National Guard of California; First battery, field artillery, National Guard of Utah; Company A, Signal Corps, National Guard of Utah; detachments sanitary troops of National Guard of Utah.

BLUE BRIGADE.

Colonel Cornelius Gardener commanding, to go under canvas at the Presidio of San Francisco next Friday night:

Regulars — Sixth infantry; Field Company E, Signal Corps; Field Hospital No. 2; Ambulance Company No. 2; Field Bakery No. 3 (one section).

Militia—Second infantry, National Guard of California; headquarters and First squadron, cavalry, National Guard of California (Troops A and B); Company B, Signal Corps, National Guard of California; detachment and sanitary troops, National Guard of California.

Captain A. C. Knowles of the Sixteenth infantry has been detailed as strategetic adviser and commander of the five umpires who will watch the maneuvers for the Blue brigade.

ACTUAL WAR CONDITIONS.

SAN DIEGO, Cal., Aug. 6.—Actual war conditions were maintained as near as possible at Fort Rosecrans last night when the Fifth and Eighth companies, coast artillery, N. G. C., in command of Major H. R. Fay, took charge of the fort, its mines and its guns and held it against a territorial sea and land attack. Throughout the night the powerful searchlights played up and down the coast, armed sentries patrolled the walls and the rear lines and an actual campaign was in progress.

The ten-inch guns at Battery Wilkeson were manned by members of the militia and in theory they succeeded in repelling a sea attack, sinking a fleet and prevented the landing of a hostile force. The government boat Armistead also succeeded in planting a network of lines around the fort under protection of the land forces.

Major Stanton of the pay department is engaged today in instructing the officers. Practice work in the assembling of the large guns is in progress.

END SIXTY YEARS OF WEDDED LIFE

Mr. and Mrs. Cooke of Berkeley Celebrated Anniversary With Children.

BERKELEY, Aug. 6.—Sixty years of wedded life were celebrated at their conclusion yesterday by Mr. and Mrs. Joseph Cooke of 1210 Bonita avenue. Since their wedding in Portland, August 4, 1852, they have lived together to reach the respective venerable ages of 86 and 78. Mrs. Cooke's guests yesterday listened to the poem which she had just written in celebration of the event, its last stanza reading:

Surrounded by Almighty Love,
By Faith and Hope inspired
With wealth of trees, blue skies above,
"A land to be desired";
With books and friends, their songs of praise
Only with life to cease,
In Indian summer of their days,
These Pilgrims gather peace

Several children and grandchildren were among the guests at the wedding anniversary celebration. These included Mrs. George H. Lee, wife of a Seattle Presbyterian minister; Clyde B. Cooke and Gaylord Walker Cooke of San Francisco, and Dr Clinton T. Cooke of Seattle, all children of the aged couple.

Mrs. Cooke was the first woman clerk of the Oregon legislature, and formerly a reporter on the Portland Oregonian. She has always been poetically talented, a book of verses being published by her under the name of "Tears and Victory" in 1871. It was the first volume of poems of any Oregon woman, following by a short time the State's first poetical production, a volume of the work of Joaquin Miller.

Mrs. Cooke was Isabella Walker, and was born in Meriden, Conn., in 1834. Cooke was born in Adams, Jefferson county, New York, November 14, 1825. They both crossed the plains to Oregon in 1851, and were married in Portland the following year. They lived in Salem, Ore., from 1852 to 1893. After a three-years' residence in Seattle, they moved to San Francisco, in 1896, and remained until 1906, when they lost their home in the great fire of April 18, 1906, and moved to Berkeley.

Her success has been continuous since that time, and she now has an important role in one of the most prominent companies in the country.

The engagement of Miss Anita Blanche Mathes, a Chi Omega girl of the university, and Alvin W. Mitchell was announced to the same guests as those who made up the box party for Miss Meredith.

LOADS 2,000,000 FEET OF LUMBER

Norwegian Steamer Solweig Takes on Record Cargo in Harbor.

The big Norwegian steamer Solveig, Captain Bogh, which arrived here recently from Union bay, tied up at Long Wharf this morning. The big freighter is loading a 2,000,000-foot cargo of lumber from the local wharf for Australia. This is the largest shipment of lumber ever sent out from this port. The lumber is first brought down the coast from the various lumber ports and discharged here. It will then be re-loaded aboard the Norwegian and shipped across the Pacific to the Antipodes. The Solveig is under charter to the Balfour, Guthrie & Co. of San Francisco. The loading of the lumber at the local wharf somewhat illustrates the improved facilities of this side over other portions along the coast. According to rumor the Balfour, Guthrie & Co., which concern is probably the largest shipping concern on the Pacific, is making arrangements to dock all of their big steamers on this side upon their arrival at this port.

Another big freighter to tie up at Long Wharf today was the German steamer Sais of the Kosmos line, Captain Dinckelage, which arrived here after a 114-day passage from Hamburg via San Pedro, 41 hours. While in the harbor of San Pedro the Sais was held by the government for $20,000, it being alleged that the Sisak, another steamer of the Kosmos line, had broken the immigration laws of the port.

The Sais is discharging a 1500 nitre cargo at Long Wharf.

The schooner William Renton, Captain Mortenson, arrived here yesterday after a slow passage of seven days from Bellingham. According to Captain Mortenson of the little windjammer the slow time made by the Renton was due to the lack of wind, the entire passage being followed by calm after calm. The Renton is at the E. K. Wood Lumber Company's wharf discharging lumber cargo.

Vessels at Long Wharf today included the steam schooners Carlos(Klamath, Sea Foam and Brunswick. All are discharging lumber cargoes.

ENGINEER TELLS OF INCINERATOR

Jessup Compares It With a 'Nicely Painted Three-Story Building.'

BERKELEY, Aug. 6. — The incinerator question was discussed from several angles by City Engineer J. J. Jessup before a large audience last evening at the Berkeley High school auditorium. Stereopticon views were used by the official to illustrate his theme, that the incinerator will be a nuisance in no possible way to any part of the city in which it may be located.

Jessup recently returned from an extensive trip through the East and various European centers, where he visited garbage disposal plants of all types He sought to explain last evening with pictures of these that the placing of the plant in any section of the city would cause no deterioration in property values. He declared that such a plant would be as "harmless as a nicely painted three-story building."

Improvement clubs and private citizens in various sections of the city where it was proposed to locate the crematory have taken exception thereto. The purpose in arranging last evening's lecture was to dispel false notions as to the demerits of the incinerator's proximity.

CALLS FOR POLICE; GETS COT IN JAIL

The Cries of "Help! Robbers! Police!" Were Shams and Delusions.

SAN FRANCISCO, Aug. 6. — Cries of "Help! Robbers! Police!" sent Corporal McLaughlin and Policemen Meyer and Cullnan on the run on Fifth and Mission streets this morning at 2 30 o'clock. They found George Wolf excitedly explaining to Special Officer Thomas Healy, who was the first to arrive, that he had been held up and robbed by three men.

He pointed to the trio who were running toward Fourth street and the patrolmen set out in pursuit. They called upon the fugitives to halt but they refused and finally three shots were fired which had the effect of stopping two of them. When Wolf was brought face to face with the men apprehended he denied that they were the ones responsible for the alleged crime.

The officers, on making a further investigation, discovered that there had been no robbery but that Wolf, with the other three men, had been engaged in a quarrel on the street. Accordingly the two men arrested, Joseph Sitgreazes and Arthur Davie, together with Wolf, were booked at the Southern station with disturbing the peace.

Jimmy Coffroth Really Signs Charley Miller and Jim Flynn for Twenty-Round Go

TIGERS, ANGELS AND OAKS TO FIGHT FOR TOP RUNG

This Week's Series Will Be the Toughest Ever Fought in Coast League; Notes of the Game

The coming week in baseball will be one of the biggest the pastime has had on the coast for many moons. Down in the southland Los Angeles and Vernon will be at it tooth and nail and then some, one to get the lead in the race for the pennant if they can, and the other to hold on to the position.

At the beginning of the series this afternoon Vernon leads the Angeles by three and one half games which means that the Angeles have a great chance to overcome the Hooligans. It has been a hard steady fight that Dillon and his men have made and now the opportunity is before them.

* * *

Up in Sacramento our hopes and prides will be tackling the lowly Senators. In the percentage column the Oaks are one game behind the Angeles so they too much be considered a factor still in the race for the bunting.

When Oakland started that four weeks at home everything was lovely with the boys, that is Mitze was in good shape and so was Malarkey. Both met with painful accidents that put them out of the running and the club felt the loss of these two men most keenly.

* * *

For a time the Oaks fought against the toughest of odds and at that managed to do mighty well. Last week after getting a bad start they came and came strong and won five games in a row. So today they tackle the solons and if they keep up that good work there will be a good chance for B. Sharpe's gang to be reckoned in all the nice things that are being said about the teams that are fighting for the pennant.

* * *

Billyum Reidy is back from the south with his warriors crippled and today is battling with McCredie's hopes and will continue the battle all week. All kinds of troubles have beset the genial boss of the Seals and if there ever was a real hard luck manager Billyum is that manager.

Heres the list of injured on the payroll and if it isn't enough to drive a manager off the buttermilk wagon then he has a heart of stone—

Joe Gedeon, bad finger. Howard Mundorff, hand badly swollen. Feits, indisposed and in no shape to play, Harry McArdle, thumb out of commission, Hartley, crippled with a lame back, Roy Corhan, weak ankle, wrenched in playing ball.

* * *

Within the week Bill will have to swing the big ax. Infielder McAvoy and Jimmy Breen are due every day and this means that two will have to go. J. Cal, can get by this rule by signing his men to a 1913 contract and then farming them out. This he will probably do for he can recall them all after the 25th.

* * *

For the balance of the season Reidy will depend on Delhi, Henley, Miller Fanning and McCorry to win games for him not a very formidable staff by any means.

As a suggestion why doesn't J. Cal, tie the can onto one of these heavers for the time being and give young Durbin a chance. He is as good as any of those above and would do as well as any of them.

* * *

President Allan T. Baum is in the southland and murmurs have it that he is going to take Happy Hogan to task for the way he is being quoted in the press. Happy is credited with calling Baum a figurehead and several other small fry names. Of course Happy will deny all of this just as he did his actions against Leard. How well the president believed him, was evident by the way Allan T. Soaked Happy $50.

* * *

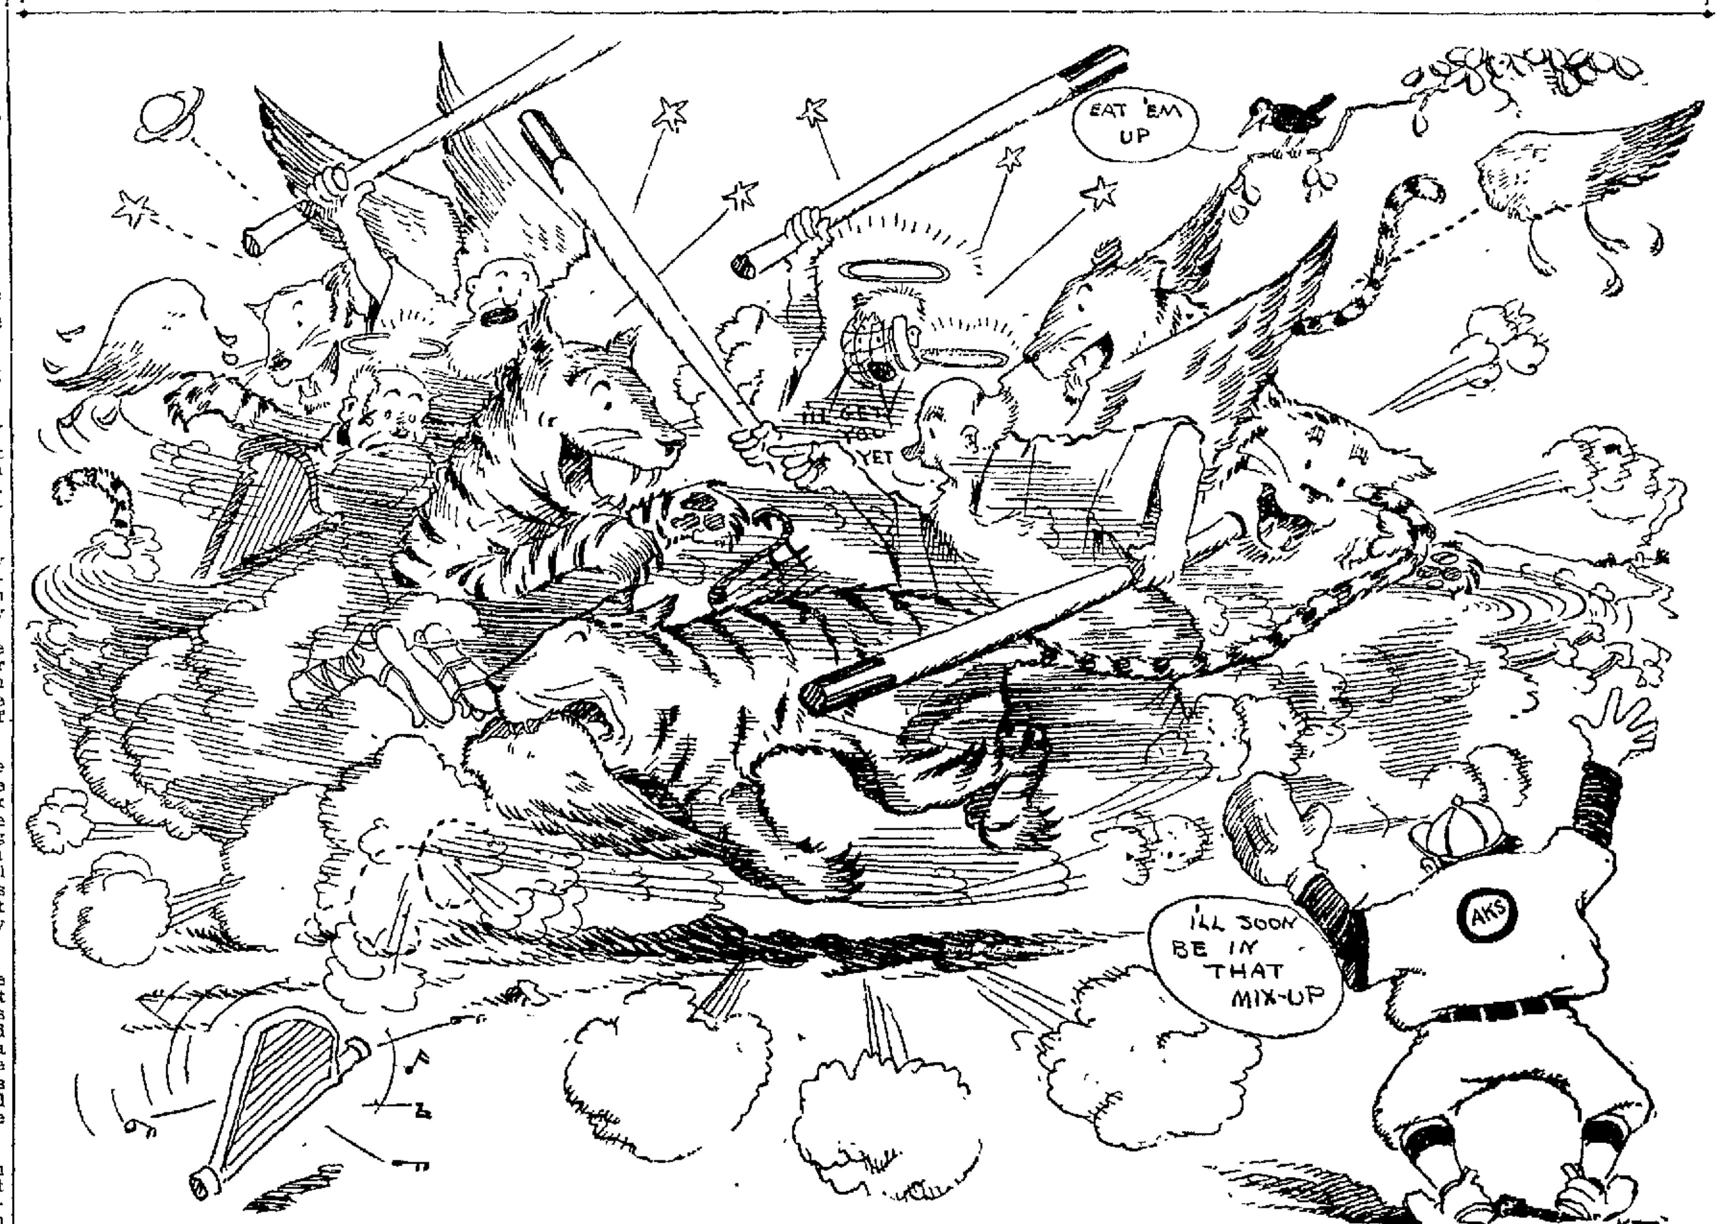

Red Tonor who has pitched some wonderful games and some that were not wonderful is on his way to the bushes where he belongs. Jess Baker is slated for a job in the Northwest League, a place where he too should have gone several months ago, in fact these fellows should never have started until they had a few more years experience in the minor leagues.

* * *

Was the transferring of Spider Baum to Vernon a good thing for baseball? It was not, is the answer. Jack Atkin evidently wanted to help his friend Jim Brooks win a pennant, which, of course, was very nice of Jack, but why should one of the best pitchers in the league be taken away from a club that is sorely pressed for pitching timber and given to a team that has good timber and good men back of that timber?

Of course the bookmaker from Spokane might have wanted to help his friend, the racetrack man from Los Angeles, all of which is very good, but such deals as that don't help the national pastime.

IN THE SOUTH THE FUR AND WINGS WILL FLY, WHILE AT SACRAMENTO THERE'LL BE SOMETHING DOING, TOO.

COFFROTH SIGNS UP HEAVYWEIGHTS FOR LABOR DAY

Faking Jim Flynn and Husky Charley Miller Will Meet for 20 Rounds.

The dispatch in yesterday's TRIBUNE to the effect that Jim Flynn and Charley Miller would box twenty rounds under the auspices of the Coffroth Promoting Company on Labor Day at Daley City was confirmed this morning when a wire was received from the Pueblo Fireman that he would be on his way soon to take on the big San Francisco motorman.

What effect this match will have on the fans remains to be seen. On one side is a fellow who is noted for his propensities to bamboozle the public and it is beyond counting how many times Jim Flynn has slipped something over on the public.

His disgraceful contest with Jack Johnson on November 2, 1907 which he diliberately faked and his two shady matches with Sammy Langford one at Los Angeles and another at San Francisco are still in the public mind.

At that, the Miller-Flynn contest might prove a good one. Of course Charley Miller will step into that ring to give the fans the best that is in him. The big Motorman may not be the best man in the world when it comes to swapping punches but one dare not say that he does not at least try to win every time he starts, something that cannot be said about the Pueblo Fireman.

MILLER ALL THE BEST.

In signing Flynn and Miller, Coffroth is catering to the 'beef trust' for both are great big hulks. Of the two Miller is far the best at every angle of the game. He has been making great strides in the heavyweight ranks and his willingness to meet all comers and after he does meet them to fight on the square has made him countless friends.

In facing Flynn, Miller is meeting a fighter pure and simple and but for his shady sidestepping would be a formiable opponent for any man. If he fights Miller as he should fight him the fans will see a rattling good contest but at that they will have to wait until the bout is at end to really find out if Jim was doing the right thing or if he was putting on another one of the Sammy Langford affairs or one of those Jack Johnson affairs, both of which left a nasty smell.

Manager Curley wired Coffroth yesterday that his terms were satisfactory and that Flynn, who is now in Chicago, would leave for the coast shortly.

WHEELMEN HAVE A CARD.

Matchmaker Billy Kyne of the Oakland Wheelmen and his able assistant Jimmy Rohan have completed the card that they will introduce to the fans on the night of August 14th.

Frankie Burns of Oakland and Danny O'Brien of San Francisco will box the main event of ten rounds while Percy Cove and Harry Harris, Jimmy Flynn and Henry Proctor and Toby Miller and Cliff Lester will box six rounds.

Joe King and Bert Sealey will supply the curtain raiser, a four round contest.

WILL WILLIE REALLY FIGHT.

Jim Coffroth has the September permit for San Francisco and is figuring on staging a bout on the 9th., in the open air at Eighth and Howard streets.

He has settled on Willie Ritchie as being one-half of the card, but who Ritchie's opponent will be Coffroth has not decided. He has offered the date to Packey McFarland, but it does not look as though he would be able to land the stockyards fighter.

Tommy Murphy seems to be next in line. The New Yorker has departed for the east but before leaving Coffroth assured him that he would give him preference of the date. It seems that Murphy injured his right hand while in training, which gave him considerable trouble during Saturday's fight.

If this injury is not serious Murphy will fight. He is anxious to meet Ritchie and will give his decision on his arrival in New York.

One Round Hogan would like to get the date with Ritchie but Coffroth would be foolish to put him on the boards for he hasn't shown himself to be anything but a loser and the fans don't care for those fellows that either lose or take an overdose of run out powders before a fight.

BIG BILL IS STILL THE BOSS HITTER OF LEAGUE

Our Gus Hetling Can Also Swat the Pill and So Can Johnny Kane.

Heinie Heitmuller of the Angels continues to lead the swatsmen of the Pacific coast league and there is little doubt but what he will be the boss at the close of the season.

To date there are 40 players hitting above the .300 mark which is something unusual, but this is due to the fact that the pitchers of the Coasters are far from being what one would call regular bear cats in the heaving line.

Following are the unofficial averages up to and including the games played on August 4.

Oaks' Big Hurler Hasn't Blemish on Record so Far This Season.

BRUNNER LOSES FIRST GAME AT BILLIARDS TO WRIGHT

SAN FRANCISCO, Aug. 6.—Making a higher single run than was made in the last world's championship match between Willie Hoppe and Demarest, "Chick" Wright last night defeated R. B. Brunner, class B billiard champion of the Pacific Coast, in the first night's play of a three-night 18-2 balk-line billiard match by the score of 333 to 27. Wright is playing for 1000 points, while his opponent is running up 750.

The men play ... Wright's high scores were 52, 56 and 108. In the last match for the world's title Demarest scored high run with 96. Brunner's high run last night was 12. Wright played in fine form, but Brunner experienced a little hard luck and appeared off his stroke.

The play will be resumed tonight and tomorrow night.

COAST LEAGUE MUST STOP BASEBALL AT VERNON PARK

Conditions There So Bad That National Game Is Getting Black Eye.

The situation at Vernon, where Sunday morning ball games are played, is again demanding attention and while President Allan T. Baum is in the south he should make a thorough investigation of affairs there.

It is but recently that the sporting editor of THE OAKLAND TRIBUNE wrote a story anent the disgraceful scenes that he witnessed at Vernon.

How drunkenness prevailed and how gambling of the most flagrant character was carried on right under the noses of the law, in fact the men that wore the emblems that gave them a right to preserve peace stood idly by and saw the most disgraceful of scenes enacted.

Sunday, affairs took on such a pass that Bill Reidy was forced to ask the fans to desist from throwing beer bottles, empty ones of course, at the players. In fact, the conduct and actions of the rowdies became so bad that Reidy threatened to remove his team from the field.

Happy Hogan said he would not play any more baseball at Vernon, but we heard him say the same thing a year ago after Walter McCredie gave a version of what he had seen at Vernon.

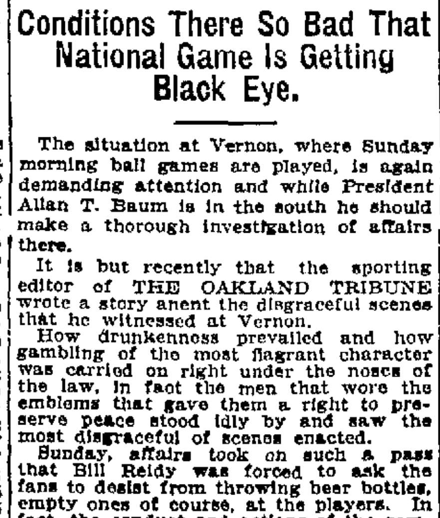

Anyway, while President Baum is in the south he can ride over to Vernon next Sunday morning and the evidence will be before him why he should prohibit any more ball games at Vernon.

LUTHER McCARTHY IS PROVING EASY FOR HEAVYWEIGHTS

NEW YORK, Aug. 6. — Jim Stewart of Brooklyn outpointed Luther McCarthy, the Springfield, Missouri, heavyweight, in a 10 round bout at Madison Square Garden last night.

It was a clean, fast fight throughout. Stewart, having the greater experience, outboxed his opponent, but McCarthy's showing justified the belief that with one or two more fast bouts he will show to better advantage.

Stewart weighed 203½ pounds and McCarthy 200¼ pounds.

CONTRA COSTA FANS WILL STAGE FAST RING BOUTS

Town of Pittsburg Forms an Athletic Club; Boxing to Be Feature.

The Pittsburg Athletic Club, incorporated, will give their second exhibition at their athletic quarters, Pittsburg, Contra Costa county, on next Saturday evening, August 10. An interesting card has been arranged for the lovers of the sport. In the main event Jim Erwin of San Francisco hooks up with Tom Gaffney for a ten-round affair. The former is well known throughout the state, where he has fought many an interesting battle, while the latter, Tom Gaffney, has a good record behind him. He has the credit of a draw with Battling Nelson at Medford, Oregon, about one year ago, as also defeating Frankie Edwards decisively in the same city a month later.

The second contest between Jimmy Austin of Stockton and Mike Kutchos, the iron man of San Francisco, promises to be a hummer, as the boys went six fast rounds to a draw at the club's last exhibition. The mill for this occasion has been lengthened out for ten rounds. Tony Melrose of Pittsburg contests with Kid Stone of the Hub City Athletic Club of Stockton, in the curtain raiser. The Pittsburg Athletic Club has been incorporated and the membership roll includes each and every business man of the town.

The following are the board of directors: Dr. F. S. Gregory, W. J. Buchanan, George T. Oliver, Frank Fiscus, Barry Downing, George Peats and A. P. McCarthy. Mr. Downing is president of the club, while Mr. Peats is the matchmaker.

NATIONAL LEAGUE.

PHILADELPHIA, Aug. 6.—Two games were taken from the locals by Chance's men, making sweet revenge for the whippings accorded the Cubs when Dooin last showed his men in Chicago.

In the first game Lavender was master at all stages, Cravath's home run being the only long hit made from his delivery. Doolan and Lobert got two bases each on Texas leaguers, but Lavender had his spitball working in fine shape.

In the second game Reulbach was batted hard in the fourth inning, but Smith, who succeeded him, was invincible for the rest of the game.

First game—

Philadelphia	2	6	2
Chicago	5	7	0

Cincinnati	2	6	2

Batteries—Tyler and Rariden; Moore, Humphries, Davis and Clarke.

Wagner starred with the bat, getting a single, a double and a home run.

ANGELS SIGN TEXAN TO HELP WIN THE GOOD OLD RAG

LOS ANGELES, Aug. 6.—Pitcher Perritt, a youngster with the tail end Fort Worth team of the Texas league, has been signed by Henry Berry, manager of the Los Angeles Coast league team. In the Lone Star State this season Perritt won 22 games and lost seven. The newcomer will not join Los Angeles until the latter part of this month.

GEORGE FRASER WILL TAKE BALL TEAM TO YOSEMITE

George Fraser's baseball team, the Vaughan & Fraser photo boys, are to leave on Saturday on a trip to Yosemite valley. Uncle Sam's soldiers in the valley have not lost a game this year, and they have picked Fraser's team as their next opponents. On two occasions Fraser took the Transportation Club team to the valley and walloped the soldiers, who are looking for revenge.

The photo boys will be captained by Bart Burke, and will leave Saturday night on a special train. The game will be played on Sunday. Major W. W. Forsythe and Captain Wells have invited Bill Lange to do the umpiring.

GROVER HAYES PICKS EASY MARK IN WELSH

WINNIPEG, Man., Aug. 6 — Before by far the largest crowd that ever witnessed a bout here, Grover Hayes of Chicago clearly outfought Freddie Welsh of England in their ... round go. The bout was the best seen here this season and the crowd showed its appreciation by cheering the boys long after the bout was terminated.

HIGHLAND SPRINGS RUN SUCCESSFUL AFFAIR

Seventeen Cars Given Perfect Score Parchments at the End of Tour.

MOTORISTS ARE ROYALLY ENTERTAINED ON ROUTE

Stevens Duryea, E-M-F, the Chalmers, R. C. H., Buick and Cadillac Win.

(By J. A. HOULIHAN.)

The sociability run to Highland Springs which departed from San Francisco on Saturday morning ended Sunday evening in one of the best conducted and most enjoyable tours of the past three years.

All told, 17 cars left on the special boat for Sausalito as starters in the sociability run and each of this number were given clean scores as a mark of honor for a perfect record in negotiating on time and without trouble the distance between the Golden Gate city and the Highland Springs resort.

From the little R. C. H. touring car, piloted by A. E. Morrison, Pacific coast representative of the R. C. H. Co., to the big Stevens-Duryea touring car, driven by Colonel Bradbury of the Pacific Motor Car Co., there were cars of light, medium and large size. Barring tire trouble which some of the contestants were forced to contend with, a round of pleasure was meted out to every one in the run.

On Saturday, Santa Rosa was the noon control. Lunch was served there at the Overton hotel and at this place the cars were checked in by the mayor of the City of Roses and Manager Errett of the hostelry.

ENTERTAINED AT ASTI.

Saturday afternoon the Asti vineyards were visited. Andrew Sbarboro, president of the Italian Swiss Colony, acted both as guide and host and escorted the motorists through the immense plant devoted to the making of wines of a brand that is bringing California into the foremost rank as producers of the rarest and best in champagnes and burgundies.

At 6:30 Saturday evening the last car checked in at Highland Springs, a summer resort ideally situated in a beautiful spot among the mountains of Lake county. Here Manager Marshall took entire charge of the entertainment. Following dinner prizes and perfect score parchments were awarded to the entrants.

Sunday the tourists started out homeward in different directions. Some took in the tour around Blue, Clear and Upper lakes coming back by way of Ukiah. Others choose the return journey by way of Lakeport, Clear lake, Calistoga, St. Helena, Napa and Petaluma. A few returned over the Pieta grade stopping at Pop McCray's for lunch.

Splendid records were made by all 17 cars. Among the high powered entries, the Pope Hartford, driven by Jack Flemming, the Winton, handled by John Suhr [illegible] the Stevens-Duryea, piloted by Colonel Bradbury. No trouble was encountered and at each control these three arrived with time to spare. Entered from Oakland were three cars, an E. M. F., driven by F. W. Crinnon, a Pierce-Arrow by Henry E. Lyon and a Pope-Hartford entered by Peter Burdewick and driven by Bill Hall. The local cars were conspicuous by their splendid showing.

CHALMERS ENTRIES PERFECT.

Two Chalmers entries, one an official car, Wm. Kligger in charge, and the other a Chalmers six owned by R. H. [illegible] are rightly credited with making an excellent record both going and returning.

A little Buick, Earl Merguire of the [illegible] Co. driving, and a Buick [illegible] L'Hommedieu as pilot, upheld [illegible] during both days. The sturdy [illegible] qualities were best exemplified [illegible] A. W. Johnson drove with [illegible] perfect score. A. J. Smith of Elmore [illegible] with his silent day [illegible] and usually was the first [illegible] the various controls.

Dr. George Dunn with an Auburn and [illegible] C. Wunder with an E. M. F. were [illegible] parchments for their clean driving records and perfect car performance. The [illegible] Cadillac press car, F. J. Roach [illegible], maintained the honor of the [illegible]. Roach was among the early [illegible] at Sausalito Sunday night. Worthy of special mention is the record made by the R. C. H., which Al Morrison drove. About the smallest car in [illegible] it was conspicuous all along the [illegible] the manner in which it kept [illegible] the biggest of the cars.

The [illegible] to win perfect scores and [illegible] are as [illegible]: Stevens-Duryea, by Colonel A. [illegible] Bradbury; Pope-Hartford, by Jack [illegible]; Winton Six, by John Suhr; [illegible] by A. J. Smith; Pierce-Arrow, by [illegible]; Auburn, by Dr. George E. [illegible], by A. Winton Johnson; [illegible] A. E. Morrison; Buick 40, by [illegible] L'Hommedieu; Chalmers, [illegible] Buick "White Streak" [illegible]; Cadillac, by F. J. Roach; E-M-F, by F. W. Crinion; Chalmers Six, by R. H. Brunig; Pope-Hartford, by W. E. Hall, and an E-M-F by [illegible] C. Wunder.

The following prizes were awarded to the ladies of the party: One week's board at Highland Springs, to Mrs. J. [illegible]; one week's board at McCray's, [illegible] Humphrey; ladies' sweater, by [illegible] company, to Mrs. [illegible]; ladies' gauntlets, by Chanslor & Lyon, to Mrs. A. E. Morrison; one-[illegible] vanity boxes given by the [illegible] company, were also awarded to the lucky ladies in the party.

MOTORCYCLISTS ACCUSED OF SETTING GRAIN FIRE

Mr. and Mrs. R. Davidson were greeted here today on their arrival from Los [illegible] on a motor-tricycle by deputy [illegible] and a warrant for their arrest. The motor-tricyclists are accused by San [illegible] Obispo farmers of having set fire to a [illegible] grain field which they passed through in that vicinity Saturday. The [illegible] for their arrest were telephoned [illegible] San Luis Obispo to the authorities [illegible] San Jose, who missed the Davidsons, [illegible] returned the warrant to Oakland. The Davidsons rode into town and [illegible] almost outside the window of Sheriff Frank Barnet. Deputies [illegible] the machine and arrested the [illegible]. They say they do not know [illegible] started any fire, as they are [illegible].

[illegible] FOR S. F. HEIR.

SANTA ROSA, Aug. 6.—The will of [illegible] Atwater, a prominent Petaluma [illegible], who left property [illegible] of $100,000, was filed for probate in the Superior Court yesterday [illegible]. After making bequests of [illegible] and $500 to relatives and $1000 [illegible] Attorney F. E. Lippett, Mrs. Atwater gives the residue to her only [illegible], Frank A. Atwater of San Francisco.

[illegible] STOLEN JEWEL.

SAN FRANCISCO, Aug. 6.—Mrs. [illegible] Young, of 1799 Sixth street, [illegible], requested the local [illegible] this morning to institute [illegible] of the pawn shops for a [illegible] pin, set with a diamond, [illegible] at $100. The pin was stolen [illegible] a bag about a week ago while [illegible] was a passenger on an Oakland [illegible].

HORSE TAKES SUDDEN TRIP INTO BASEMENT IGNORING ELEVATOR AND SAFETY OF OWNER

WILLIAM H. OSBORN, OFFICER OF THE ALAMEDA COUNTY SOCIETY FOR THE PREVENTION OF CRUELTY TO ANIMALS, RESCUING A HORSE AFTER IT HAD FALLEN INTO A BASEMENT.

Chaos reigned in the basement of the Ambrose grocery at Washington and Ninth streets this morning when a horse owned by E. Lewis, a junk collector, fell through the opening in the sidewalk. The animal had been left at the curb pending the re-appearance of Lewis, who was busily gathering sacks beneath the sidewalk, when an automobile backed up against the wagon.

Witnh the idea evidentally of giving the machine more room, the horse stepped upon the sidewalk and walked directly into the hole. Lewis, hard at work, looked up in time to see a collection of legs, head and squeals coming down above him. He backed and sidestepped hurriedly and managed to get clear before the horse landed. He immediately notified an officer, who in turn called out the S. P. C. A. ambulance and after an hour's work the victim of circumstances was rescued, little the worse for the experience.

Humane Officer W. H. Osborn, who superintended the work of getting the animal out, put sacks around its hoofs and brought it out without a struggle.

EDUCATION BOARD ASKS FOR FUNDS

More Than $1,114,000 Will Be Needed to Run Schools in Year.

According to the report of the finance and revenue committee of the board of education the sum of $1,114,060 will be required to operate the schools of the Oakland district for the fiscal year 1912-1913, as against $1,006,086 which was paid out during the past year.

Of this sum $863,820 is asked for the maintenance of the day and evening schools and $250,240 for the high schools and the Chabot observatory. An additional appropriation of $17,000 has been requested for new teachers, $10,000 of this amount has been asked for the day and evening schools and the remainder $7000 for the high school.

Another large sum now deemed necessary is being asked for the construction of steel and concrete fences around a number of the buildings and the improvement of the recreation and playgrounds. A majority of all the usual items of expense will require a larger expenditure for the coming year, according to the report.

Of the $863,820 deemed necessary for operating the day and evening schools, the committee proposes to raise $375,000 by the general levy (estimated), $250,000 appropriation from State (estimated), $222,886.43 by special tax levy and $15,-933.57 now on hand in school treasury. The $250,240 needed for the high school will be made up of the following appropriations: $204,498.01 (special tax levy), $20,000 (State appropriations), $25,741.99 (balance on hand).

Final action on the report will be taken at the next regular meeting of the board of education.

FAIR WIDOW UNDER ARREST

Alleged to Have Taken Large Sum of Money From Illinois Resident.

SAN FRANCISCO, Aug. 6. — Alice J. Brown, a beautiful and talented divorcee of 22, was arrested this morning in Portland, Oregon, as the result of the work of Detective Gallagher of the local department, and faces a charge of embezzling $3500 from David Napping, an aged retired farmer of Illinois. The details of Napping's infatuation for the young woman and his anxiety to spend his money upon her, were not revealed until today, although a warrant was issued some time since in Judge Shortall's court.

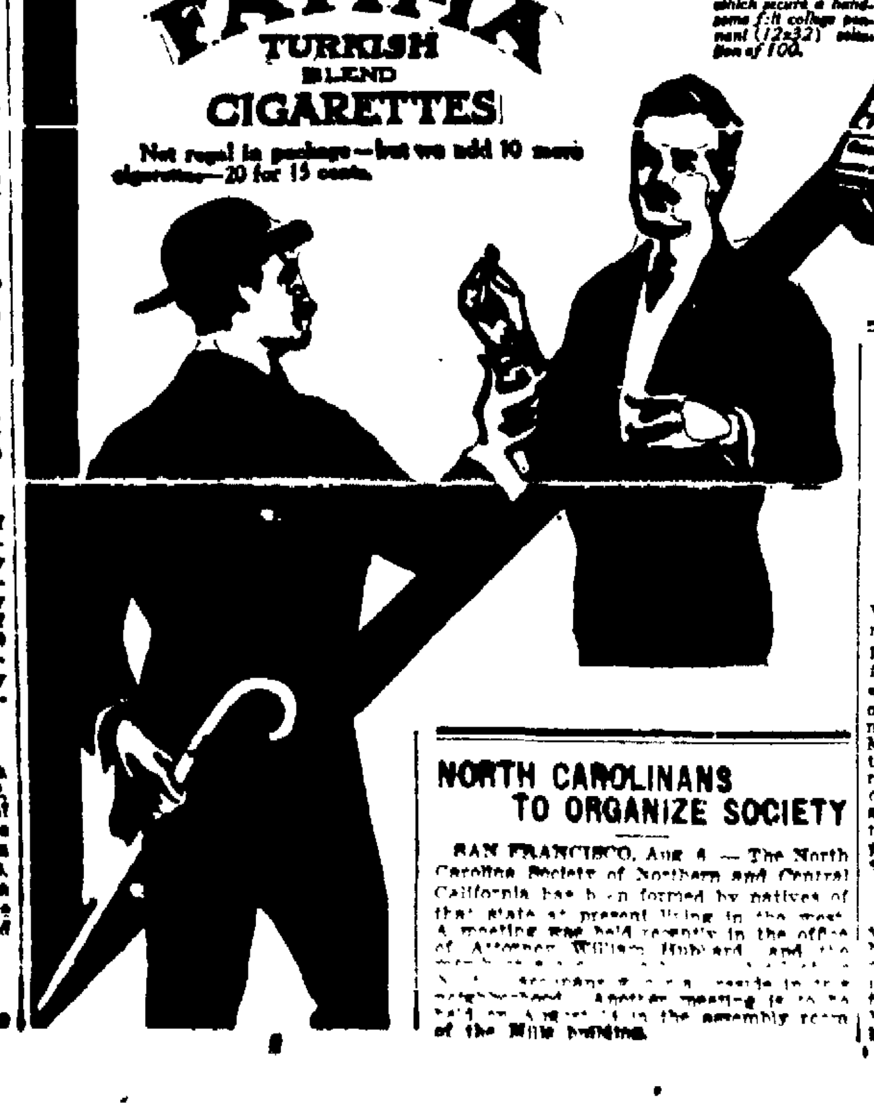

It appears that Mrs. Brown's former husband was an insurance clerk of this city, and that she, desiring a divorce from him, appealed to Napping. The latter consented to aid her on her promise that she would afterwards wed him. It is charged, and he claims to have furnished the money for prosecuting the action. Finally an interlocutory decree was granted and he says he spent $17,-000 on the young woman in giving her a good time. Finally, on May 27, he gave her money to invest in an apartment house. She took the coin and he has never seen her since.

Recently Napping returned to Illinois, but informed the police that he would be on hand to prosecute Mrs. Brown when she was brought here.

DE LEONS TO GET PART OF ESTATE

SAN FRANCISCO, Aug. 6.—Walter R. De Leon, graduate of the University of California, fraternity man, playright, author of "The Campus" and co-star with Ferris Hartman at Idora park, together with his brother, Paul A. De Leon, also an actor, brought suit here this morning for a restoration of the record of their adoption by D. M. De Leon in 1902.

De Leon died June 14, 1909, and only recently a firm of New York attorneys communicated with the De Leons informing them that the estate could not be settled until the papers showing their adoption were furnished. These were destroyed in the fire of 1906 and Attorneys Schwartz and Powell of Oakland were retained to have the records restored.

The De Leons plan to sail for Australia on August 15 with the Ferris Hartman Company and desire to have the litigation settled before their departure. The estate is said to be worth many thousands of dollars and it is claimed that it was until recently that the De Leons learned that their father had left such a large amount. One-half of the property is to go to the widow and the other half to the adopted boys.

SCION OF SUTRO HOUSE IS JAILED

Talks Back to Police Judge and Is Ordered Into the Dock.

SAN FRANCISCO, Aug. 6.—Adolph Sutro, grandson of the millionaire of the same name who was once San Francisco's mayor, after a series of incidents found himself at noon today in the docks in Police Judge Sullivan's court. Young Sutro is an aviator but it was not high soaring in the upper air that caused his appearance before a magistrate today.

When he is not combatting the treacherous winds with his aeroplane, he is manipulating a high powered motorcycle and he was on his machine yesterday speeding along Market street, when Patrolman J. E. Holmes overhauled him, took him into custody and this morning appeared against him in court.

Holmes explained that Sutro was going on the wrong side of the street. The accused, who is but 20, had been sitting on a portion of the clerk's desk. While Holmes was unraveling his tale, he leaned over on the Judge's rostrum much to the dismay of Bailiff Mogan who made him move away. When Holmes had finished his version of the affair, the court asked Sutro what he had to say.

"Oh, all I can say about this thing is that the officer had no sense," declared Sutro. "I was driving on the wrong side because I had just tried to avoid striking a pedestrian and the machine skidded."

WAS GOING SLOWLY.

"How fast were you going?" inquired his Honor.

"Very slowly," was the response.

"How could your machine skid if you were going slowly?" repeated the court.

"Well I was going slow and the officer had no right to arrest me."

Questioned as to whether he had changed his mind regarding the gray matter possessed by Holmes after the colloquy, Sutro replied in the negative.

"And yet I think the policeman is right about this," summed up the jurist.

"Is that so?," put in Sutro.

Whereupon the young man, much to his discomforture was ordered into the dock among the prisoners.

After a half hour behind the bars Sutro was liberated on his own recognizance until tomorrow when he is to appear for sentence.

NEGROES DISSATISFIED WITH THIRD PARTY

CHICAGO, Aug. 6.—Members of an organization styling itself "The National Progressive Party of Colored Men" split last night at a meeting called to consider the advisability of withdrawing from the Progressive party.

A resolution to remain in the ranks finally was adopted, but J. D. Venerable of St. Louis, president of the organization, said this resolution did not represent the sentiment of the majority of the members. He further declared that none of the northern colored men seated by the Progressives would participate in the convention. They may take their seats today, he said, but they would not vote.

It developed at the meeting that Dr. Venerable and several other negroes interviewed Colonel Roosevelt regarding his stand on the negro question.

"He declared," said Dr. Venerable, "that he had done all he could for us."

During the meeting Dr. Venerable attacked the new party and Colonel Roosevelt. He declared that it was to be a white man's party from the beginning.

WHEAT FAILS TO MAINTAIN RISE

Bulls Get Early Lead, But the Heavy Domestic Receipts Fall Of. f

CHICAGO, Aug. 6.—Wheat today failed to maintain an advance due to firm cables. Unfavorable harvest reports from Russia and a decrease in the European visible supply helped the bulls at the outset, but the heavy domestic receipts and the big yields northwest proved later to be more than 1c off. Opening prices were a shade off to ⅜@½c higher. September started at 92¼ to 92⅝c to 92¾c, a rise of ¼ to ⅝@½c, and then receded to 92½c.

Possibility that the United States crop total would reach 800,000,000 bushels led to a further backset. Some recovery, however, followed. The close was steady at 92⅛@92¼c for September, a net loss of ⅛c.

Showers in Kansas and Oklahoma made the corn market easy. September opened ⅛@¼c lower to 1-16 up, at 66¼ to 66½c, and declined to 66c.

After a little further drop, improved cash demand brought about a rally. The close was nervous, with September at 66⅛@66¼c, a loss of ¼c from last night.

Leading concerns were active buyers of oats and helped prices relatively steady. September started ⅛c higher at 31½c, but sagged to 30⅞c.

An advance at the yards occasioned firmness in provisions. First sales ranged from 2½c lower to 5c gain, with January delivery $18.57½ for pork, $10.37½ for lard and $9.80 for ribs.

Oats—September, 30⅝c; December, 31⅝c@31¾c; May, 34½c; August, 30¼c.

Pork—September, $17.77½@17.80; October, $17.87½; January, $18.52½.

Lard—September, $10.50; October, $10.57@10.60; December, $10.35@10.37½; January, $10.37½.

Ribs—September, $10.55; October, $10.52½; January, $9.75.

Close: —Wheat—September, 92⅛@92¼c; December, 92⅝c; May, 96⅝@96½c.

Corn—September, 66⅛@66¼c; December, 55⅝@55¾c; May, 55⅞@56c.

POLITICS ENTERS N. Y. EXCHANGE

Consequent Heaviness Is the Result; St. Paul Declines One Point.

NEW YORK, Aug. 6.—Politics entered into the calculations of the professional element in stocks today, with consequent heaviness in the general list. A feature was St. Paul's unfavorable earnings for June which caused a one-point decline in the stock. Rock Island, on the other hand, made no response to excellent returns for that month, but ill issues were well supported on Great Northern's showing.

Union Pacific and the coalers were inclined to droop. Steel again reflected more pressure than other favorites, regardless of information that another upward revision of prices is contemplated. Trading slackened.

The market closed heavy. Prices again fell back in the final dealings on weakness in Canadian Pacific, Northern Pacific, Union Pacific and the Sugar issues.

Traders who sold stocks in the morning covered to some extent in the afternoon and the list made some progress upward, especially St. Paul and Reading.

Local traction stocks were more active, with Interboro-Metropolitan, preferred making a substantial rise. Elsewhere business was light and the general undertone was better.

Bonds were steady.

LEGAL NOTICES

Important Notice to Voters of Registration

Office of John P. Cook, County Clerk. Oakland, Alameda County, California.

Notice is hereby given that in accordance with the provisions of section 1094 of the Political Code of the State of California, all voters of Alameda County must apply for re-registration in order to be able to vote at the primary election to be held on September 3, 1912, and for the general election to be held on the 5th day of November, 1912.

Owing to the fact that there is no provision of law granting assistance to the County Clerk in the registration of voters, it is important that voters should apply for registration at once, in order to expedite the work.

Such re-registration began on the first day of January and will be in progress at all times until August 3d, 1912, for the purpose of enabling voters to qualify for the primary election, after which registration will again open and continue until October 5th, 1912, for the purpose of enabling voters to qualify for the general election to be held November 5th, 1912.

The attention of voters is especially directed to the recent decision of the supreme court, in which it is held that all voters must have registered this year in order to join in the signing of any certificate of nomination in behalf of any candidates for public office to be voted for at the primary election, to be held September 3d, 1912.

Attention is further directed to the following provisions of the Political Code of the State of California, relating to registration:

Section 1097. No person's name must be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost or out of his possession, which affidavit must state the place of his nativity, and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county, or city and county at the next succeeding election; provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties or cities and counties of this State, and shall produce a certificate of such registration, issued by the party authorized by law to issue such certificate, which shall recite the time and place of naturalization of such elector, such certificate shall be prima facie evidence of his naturalization. In the event that such naturalized citizen shall state in his affidavit that he was naturalized in the county or city and county in which he seeks to register, or in the event that he was previously registered within the preceding eight years within the county or city and county in which he seeks to register, and his certificate of naturalization has not been revoked, he shall not be required to produce his certificate of naturalization, nor to make such affidavit of lost certificate in lieu thereof, provided, however, that in any county or city and county where the affidavits of registration have been destroyed by fire or conflagration, or other public calamity, the above stated provision as to previous registration within the preceding eight years shall in such county or city and county, apply only for such number of years past as there shall exist a record of previous registration, and not to exceed in any event said eight years.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In all other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election. Such affidavit must be made before the county clerk or officer charged with the registration of voters, or their deputy. If any elector is absent from the county in which he claims residence, he may appear before any judge or clerk of any court of record, or notary public, or if in a foreign country, before any minister, consul, or vice-consul of the United States, and make and subscribe an affidavit as to his residence, specifying in what ward or precinct he claims residence; that he will be necessarily and unavoidably absent from said county, or city and county, on all the days allowed by law for general registration of electors, and setting forth in such affidavit each and all the matters required by section one thousand and ninety-six of the Political Code of the State of California, and forward such affidavit, duly authenticated as above, by mail, enclosed in an envelope, addressed to the county clerk of any county, or the registrar of voters in any city and county. Upon receipt of such affidavit by such clerk or registrar of voters within the time allowed by law for registration, it shall entitle the name of such elector to be entered by the clerk in the proper register in such precinct.

5. In every case the affidavit of the party must show all the facts required to be stated in the entry on the register, except the date of the entry.

Further notice is hereby given that affidavits of registration must be sworn to before the County Clerk or his deputies and that they cannot, owing to the provisions of the registration law, be sworn before any other officer.

The office of the County Clerk will be open for registration until further notice from 9 o'clock a. m. until 5 o'clock p. m. of each day, except Saturdays, on which day the office will close at 12 o'clock noon.

Dated: March 11, 1912.

JOHN P. COOK,
(SEAL) County Clerk.

ATHEARN EXPLAINS NEW RATE TARIFFS

Scientific Basis Used in Reconstructing Tolls, Says Official.

SAN FRANCISCO, Aug. 6 — Fred G Athearn, manager of the bureau of economics of the Southern Pacific Company, yesterday issued a statement defending the new transcontinental freight tariffs, which become effective on all Western railroads soon the new east-bound rates becoming effective on August 19 and the western on September 2 In brief, Athearn said

"All Western tariffs have been revised, the deadwood has been thrown out and the tariffs constructed on as nearly a scientific basis as is posible and consistent with the amended interstate commerce act and the rules of the commission To do away with never-ending irritation resulting from overburdened commodity tariffs, all commodities moving to a limited extent in less than carload lots and such commodities as do not move at all have been removed from the commodity tariffs and placed under general class tariffs where they generally belong

"Rates lower to terminal points than to interior points have been forced by sea competition. But rates on non-seagoing articles that, under the former tariff, were lower to terminal than to interior points, were not defensible as sea-forced rates, and the carriers were compelled to make rates on these commodities that would be no lower to terminal than interior points It is not intended to imply that these articles cannot be shipped by sea, but that, generally speaking, they are not when rail transportation is at hand. Some few commodities were advanced because the general readjustment of rates in the intermediate and mountain territory made it necessary."

CONDEMNATION SUITS FILED ON 200 ACRES

SAN FRANCISCO, Aug. 6.—Condemnation suits were filed yesterday afternoon by the city attorney's office on approximately 200 acres of land known as the San Miguel valley, lying south of Twin Peaks This land will be used as a reservoir and dam site for the storing of water to be brought from Lake Eleanor and the Tuolumne river.

In order to forestall any action on the part of the Spring Valley Water Company and to prevent speculation on the property a notice of action was filed in the recorder's office immediately after the suits were filed, thus keeping the value of the land at a standstill The property is worth about $1000 an acre and is owned by one hundred and thirty persons and corporations

SMALL BOAT SAILS ACROSS THE ATLANTIC

NEW YORK Aug. 6—A tiny boat a thousand miles at sea, flying signals of distress, seen on July 31 by officers of the steamer Amerika, proved to be the 35 foot power boat Detroit, which left New York for St Petersburg on July 15 with Captain Thomas Fleming Day as its venturous commander.

The ocean liner slowed down and headed for the small boat when the distress signals were sighted, but when Captain Knauth of the Amerika got within speaking distance of the little craft, Captain Day informed him that he had hoisted the signals merely to attract attention so that he could send word back to New York that all was well with him and his crew. The Detroit at that time was approximately, 1000 miles off the Irish coast Captain Day reported having had generally good weather.

ALASKAN FREIGHT RATES ADVANCED BY LINES

SEATTLE, Wash., Aug. 6.—A general increase in freight rates to southeastern Alaska, ranging from $1 to $3 a ton and covering all commodities, was announced yesterday by officials of the Alaska Steamship Company, Pacific Coast Steamship Company and the Northland Steamship Company Officials of the Humboldt Steamship Company said they did not contemplate an advance and the course to be pursued by the Alaska Coast Company was not announced

C J Jones general traffic manager of the Alaska Steamship Company, explaining the advance, said:

"Three years ago the Southeastern Alaska Lines engaged in a rate war during which the rates on all commodities were given important reductions. Part of this cut is now restored. The new tariffs are not as high as those in effect before the rate war"

Thousand Oaks HEIGHTS is in the Path of Progress

It is the only way Berkeley can expand. The hills are to the east, the bay to the west, and Oakland is on the south, northward the city must grow.

According to government census Berkeley is one of the fastest growing cities in California. There is only one way for the city to grow—through Thousand Oaks on the north. Here the people must come.

The Key Route, Southern Pacific and Oakland Traction Company recognize this fact and have invested $4,200,000 in extending car lines into Thousand Oaks ahead of the population.

And it's the first time in the history of California that suburban and interurban railroads have constructed lines into a district before it was populated. There is a reason.

The people are coming—houses are going up—and soon land values will do likewise. Invest a few dollars in Thousand Oaks, then sit back and watch it grow. If valuations went up tomorrow you would miss it. Do not wait too long. When Thousand Oaks Heights is sold out there will be no more hill property in the Berkeley district of Alameda county.

205 electric trains on Southern Pacific and Key Route, and street cars every five minutes—no better transportation anywhere. You can reach San Francisco in 40 minutes—commute fare 5c—University of California in 10 minutes, fare 5c.

Come out on the Arlington avenue car line along "the street of a million flowers" and see the grandest panorama of the bay ever placed before the eyes of mankind. This scenic car ride cannot be equaled anywhere in Alameda county.

Then may we show YOU Thousand Oaks Heights.

BLUEJACKETS TO DON NEW RAIMENT

Flat Round Cap and Rolling Collar to Be Done Away With.

WASHINGTON, Aug. 6 Bluejackets without the flat round cap and the half-yard wide rolling collar, the raiment of the American navy soldier since the birth of the Republic, may be found aboard the battleships and cruisers of the future.

A naval board which has been long studying this question of the sailors' clothing has about concluded that both the flat cap and the broad collar interfere with a sailor's work on shipboard. So a round, narrow-brimmed cloth cap and a regular miner's flannel shirt are proposed for wear aboard ship. To save the traditions, however, the picturesque cap and collar will be retained as the uniform for the jack tar when he goes ashore.

TAX AMENDMENT TO GO ON BALLOT

Alameda County Petition Adds 3768 Signatures to the List.

SACRAMENTO Aug 6—The third of the dozen initiative measures for which petitions have been circulated throughout the State was assured a place on the November ballot when petitions on home rule in the taxation constitutional amendment were received yesterday in the Secretary of State's office from San Francisco and Alameda counties The San Francisco petition contained 18,132 signatures and the Alameda petition 3768 signatures, bringing the total up to 34,220, which is 3000 more than were needed to get it a place on the ballot.

A petition from San Francisco on the poll tax repeal, filed with the Secretary today, brought the total on that measure up to 17,550.

It is estimated that between 7000 and 9000 names are on the Sacramento petition for the poll tax repeal, and the filing of this will bring the number up to about 25,000 signatures—6000 short of enough to get on the ballot.

Coloma, Wis.—"For three years I was troubled with female weakness, irregularities, backache and bearing down pains. I saw an advertisement of Lydia E. HUNGER CONQUERS YOUNG DESPERADO

Arlie Weaver Found Wandering in San Jose Streets; Makes No Resistance.

SAN JOSE, Aug. 6.—Arlie Weaver, who has been a fugitive in the mountains between Saratoga and Boulder Creek since Monday, July 29, and who was pursued for two days by Sheriff Langford and a posse, virtually gave himself up in St. James Park in this city yesterday, after being three days without food. He came down from the mountains Sunday night, cached his guns near Los Gatos and, coming to San Jose, stayed the night in the Tonopah rooming house Yesterday afternoon he was recognized by a small boy in St James Park, who notified Chief of Police Frank Ross.

Ross, in company with William Dreschmier, a detective connected with the district attorney's office, took him in charge without resistance, Weaver shaking hands with the officers. He will be returned to Saratoga for trial.

At the time of his escape Weaver was being arraigned on two charges, namely, assault and threats to kill, the first being for alleged assault upon the fifteen-year-old daughter (not his blood cousin) by a former marriage of the wife of his uncle. He had pleaded guilty to both charges, changing the plea to the first charge, when he seized an opportunity to escape from the courtroom. He forced a boy on the [illegible] gun and cartridges ad then took to the hills.
